

Gold79 Announces Private Placement Financing of up to \$1,000,000

07.11.2022 | [Newsfile](#)

Ottawa, November 7, 2022 - [Gold79 Mines Ltd.](#) (TSXV: AUU) (OTCQB: AUSVF) ("Gold79" or the "Company") is pleased to announce the initiation of a non-brokered private placement to raise gross proceeds of up to \$1,000,000, comprising 28,571,428 units (each a "Unit"), at \$0.035 per Unit (the "Offering"). Each Unit consists of one common share of the Company and one whole common share purchase warrant (a "Warrant"). Each Warrant entitles the holder to purchase one common share of the Company at a price of \$0.05 per share for a period of 36 months following the date of issuance. Additionally, the Warrants will be callable during the 36 month period, at the option of the Company, in the event that the 20-day volume-weighted average price of the Company's common shares meets or exceeds \$0.08 for ten consecutive trading days based on trades on the TSX Venture Exchange and Alternative Trading Systems. Subscribers will be notified of the call provision being triggered and will have a 30-day period to exercise the warrants.

Derek Macpherson, President, CEO & Director stated, "In connection with the recently announced Exploration and Option Agreement for the Jefferson Canyon project, [Kinross Gold Corp.](#) has committed to subscribe for \$275,000 (US\$200,000) in the private placement. Additionally, Gold79 management and directors expect to demonstrate their commitment to the Company by subscribing for a component of the financing. It is anticipated that this financing will put the Company in a position to execute a second round of drilling at the Gold Chain project, Arizona."

Any securities issued under the Offering would be subject to a statutory hold period of four months and one day from the date of issuance. This Offering is subject to approval of the TSX Venture Exchange ("TSX-V"). The anticipated closing date of the first tranche of the Offering is November 14, 2022.

The Offering will be conducted by the Company utilizing the Existing Security Holder Prospectus Exemption under OSC Rule 45-501 Ontario Prospectus and Registration Exemptions and other equivalent provisions of applicable securities laws in other jurisdictions in Canada (collectively, the "Existing Security Holder Exemptions") as well as the "accredited investor" exemption under National Instrument 45-106 Prospectus and Registration Exemptions and also other exemptions available to the Company.

The Company will make the Offering available to all shareholders of the Company as of November 4, 2022 (the "Record Date") who are eligible to participate under the Existing Security Holder Exemptions and who have notified the Company by no later than November 10, 2022 at 5:00 pm (Eastern) of their intention to participate in the Offering. The Existing Security Holder Exemptions limit a shareholder to a maximum investment of \$15,000 unless the shareholder certifies in the subscription agreement that he or she has obtained advice regarding the suitability of the investment from a registered investment dealer or otherwise qualifies to rely on another private placement exemption.

In the subscription agreement, shareholders will be required to certify the number of common shares of the Company held as of the record date and the total number of Units they wish to subscribe for. Each existing shareholder on the record date will be entitled to purchase that number of Units equal to at least their pro rata share based on the common shares owned on the record date, subject to a \$4,500 minimum subscription. Any additional available Units will be allocated by the Company based on subscriptions received and Units available. Orders will be processed by the Company on a first come, first served basis such that it is possible that a subscription received from a shareholder may not be accepted by the Company if the Offering is over subscribed. Any person who becomes a shareholder of the Company after the Record Date shall not be entitled to participate in the Offering under the Existing Security Holders Exemptions.

It is anticipated that approximately 50% of the aggregate proceeds raised under the Offering will be used for exploration and drilling expenditures related to the Gold Chain, Arizona project; approximately 25% will be used for working capital and general corporate purposes; approximately 15% will be used to pay

management fees to Company officers; and, approximately 10% will be used to repay promissory notes with officers that funded working capital and general corporate costs during August 2022 to date.

It is anticipated that certain officers and directors of the Company will participate in the Offering. Other than in respect of the Kinross subscription, Gold79 may pay commissions to qualified finders in Canada in connection with the Offering. Any finder fees paid would be in accordance with TSX-V policies.

The offered securities will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") and may not be offered or sold within the United States or to or for the account or benefit of U.S. persons, except in certain transactions exempt from the registration requirements of the U.S. Securities Act. This press release does not constitute an offer to sell, or the solicitation of an offer to buy, securities of the Company in the United States.

FORWARD-LOOKING STATEMENTS:

This press release may contain forward looking statements that are made as of the date hereof and are based on current expectations, forecasts and assumptions which involve risks and uncertainties associated with our business including the proposed private placement or any future private placements, the uncertainty as to whether further exploration will result in the target(s) being delineated as a mineral resource, capital expenditures, operating costs, mineral resources, recovery rates, grades and prices, estimated goals, expansion and growth of the business and operations, plans and references to the Company's future successes with its business and the economic environment in which the business operates. All such statements are made pursuant to the 'safe harbour' provisions of, and are intended to be forward-looking statements under, applicable Canadian securities legislation. Any statements contained herein that are statements of historical facts may be deemed to be forward-looking statements. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. We caution readers of this news release not to place undue reliance on our forward-looking statements as a number of factors could cause actual results or conditions to differ materially from current expectations. Please refer to the risks set forth in the Company's most recent annual MD&A and the Company's continuous disclosure documents that can be found on SEDAR at www.sedar.com. Gold79 does not intend, and disclaims any obligation, except as required by law, to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
