

SolGold PLC Announces Management Change

10.11.2022 | [ACCESS Newswire](#)

BISHOPSGATE, November 7, 2022 - The Board of Directors of SolGold (LSE:SOLG)(TSX:SOLG) announces that Darryl Cuzzubbo, Managing Director and Chief Executive Officer ("CEO"), has left the Company and the Board, effective 10 November 2022. The Company has appointed Scott Caldwell, Non-Executive Director, as Interim CEO until a permanent replacement is appointed.

Mr. Caldwell is a mining engineer with over 40 years' experience in the global mining industry having held a number of senior executive roles including as Chief Executive Officer at both [Guyana Goldfields Inc.](#) and Allied Nevada Gold Corp., as well as Chief Operating Officer at [Kinross Gold Corp.](#) Upon the successful closing of the Cornerstone merger transaction, Mr. Caldwell will own 17,587,500 shares in the Company.

The search for a permanent CEO will start immediately.

Liam Twigger, Chairperson of SolGold, commented: "On behalf of the Board, I would like to thank Darryl for his contribution to the Company over the last year. During Darryl's tenure the Company has delivered the Cascabel Pre-Feasibility Study ("PFS") that confirmed the project's Tier 1 potential."

Scott Caldwell, Interim CEO, commented: "I have great familiarity and am a strong supporter of SolGold's world class Cascabel project having been on the Board previously and look forward to supporting the Board and the Shareholders during this transition period."

This announcement was approved for release by Rufus Gandhi - Company Secretary.

CAUTIONARY NOTICE

News releases, presentations and public commentary made by [SolGold plc](https://www.solgold.com.au) (the "Company") and its Officers may contain certain statements and expressions of belief, expectation or opinion which are forward looking statements, and which relate, inter alia, to interpretations of exploration results to date and the Company's proposed strategy, plans and objectives or to the expectations or intentions of the Company's Directors, including the plan for developing the Project currently being studied as well as the expectations of the Company as to the forward price of copper. Such forward-looking and interpretative statements involve known and unknown risks, uncertainties and other important factors beyond the control of the Company that could cause the actual performance or achievements of the Company to be materially different from such interpretations and forward-looking statements.

Accordingly, the reader should not rely on any interpretations or forward-looking statements; and save as required by the exchange rules of the TSX and LSE or by applicable laws, the Company does not accept any obligation to disseminate any updates or revisions to such interpretations or forward-looking statements. The Company may reinterpret results to date as the status of its assets and projects changes with time expenditure, metals prices and other affecting circumstances.

This release may contain "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements regarding the Company's plans for developing its properties. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved".

Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information, including but not limited to: transaction risks; general business, economic, competitive, political and social uncertainties; future prices of mineral prices; accidents, labour disputes and shortages and other risks of the mining industry. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to, risks relating to the ability of exploration activities (including assay results) to accurately predict mineralization; errors in management's geological modelling and/or mine development plan; capital and operating costs varying significantly from estimates; the preliminary nature of visual assessments; delays in obtaining or failures to obtain required governmental, environmental or other required approvals; uncertainties relating to the availability and costs of financing needed in the future; changes in equity markets; inflation; the global economic climate; fluctuations in commodity prices; the ability of the Company to complete further exploration activities, including drilling; delays in the development of projects; environmental risks; community and non-governmental actions; other risks involved in the mineral exploration and development industry; the ability of the Company to retain its key management employees and skilled and experienced personnel; and those risks set out in the Company's public documents filed on SEDAR at www.sedar.com. Accordingly, readers should not place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.

The Company and its officers do not endorse, or reject or otherwise comment on the conclusions, interpretations or views expressed in press articles or third-party analysis, and where possible aims to circulate all available material on its website.
