

Refined Metals Corp. (Formerly, Chemesis International Inc.) Announces Completion of Change of Business

30.11.2022 | [GlobeNewswire](#)

VANCOUVER, Nov. 30, 2022 - [Refined Metals Corp.](#) (CSE: RMC) (OTC: CADMF) (FRA: CWAA) (the "Company" or "Refined") (formerly, Chemesis International Inc.) is pleased to announce that it has completed its change of business (including changing its name from Chemesis International Inc. to Refined Metals Corp.) and has begun trading under the symbol "RMC" on the Canadian Securities Exchange (the "CSE") as a Mining Issuer under the policies of the CSE.

The change of business was completed to transition the Company from the cannabis industry to the business of mineral exploration and development, with a focus on identifying, evaluating and acquiring interests in mineral properties in North America. The Company's business is currently focused on the exploration and development of the Rose Property, a prospective, exploration stage silver-gold-copper-zinc property located in the Kamloops Mining Division, British Columbia. In addition to the Rose Property, the Company is also reviewing other mineral properties in North America for possible acquisition in the future.

Chief Executive Officer, Aman Parmar said, "I am really pleased to report on our successful change of business. We will strive to build investor value through deploying capital into resource projects that we feel offer growth potential, in jurisdictions in North America that are receptive to exploration and mining activity."

About Refined Metals Corp.

Refined Metals Corp. is a junior mining company dedicated to identifying, evaluating and acquiring interests in mineral properties in North America. The Company's business is currently focused on the exploration and development of the Rose Property, a prospective, exploration stage silver-gold-copper-zinc property located near Kamloops, British Columbia. The Company is also reviewing other mineral properties in North America for possible acquisition in the future.

Forward-Looking Statements

Certain statements contained in this press release constitute forward-looking information. These statements relate to future events or future performance. The use of any of the words "could", "intend", "expect", "believe", "will", "projected", "estimated" and similar expressions and statements relating to matters that are not historical facts are intended to identify forward-looking information and are based on the Company's current beliefs or assumptions as to the outcome and timing of such future events. In particular, this press release contains forward-looking information relating to, among other things, the future business of the Company, including possible future acquisition of other mineral properties in North America and the potential of the Rose Property, including with respect to the mineralization of the Rose Property.

Various assumptions or factors are typically applied in drawing conclusions or making the forecasts or projections set out in forward-looking information, including, in respect of the forward-looking information included in this press release, the assumption that: the Company will be successful in entering into the mineral exploration and development business, the Company will be successful in its exploration and development efforts with respect to the Rose Property and that the Rose Property's actual mineralization is representative of the mineralization indicated by past scientific and technical work on the Rose Property. Such assumptions and factors are based on information currently available to the Company.

Although forward-looking information is based on the reasonable assumptions of the Company's management, there can be no assurance that any forward-looking information will prove to be accurate. Forward looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements expressed or implied by the forward-looking information. Such factors include risks inherent in the exploration and development of mineral deposits, including risks relating to changes in project parameters or delays as plans continue to be redefined, that mineral exploration is inherently uncertain and that the results of mineral exploration may not be indicative of the actual geology or mineralization of a project, that mineral exploration may be unsuccessful or fail to achieve the results anticipated by the Company and risks associated with the competitive nature of the mining industry, including the risk that the Company will not be able to identify and acquire other mineral properties in North America. The forward-looking information contained in this release is made as of the date hereof, and the Company not obligated to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by applicable securities laws. Because of the risks, uncertainties and assumptions contained herein, investors should not place undue reliance on forward-looking information. The foregoing statements expressly qualify any forward-looking information contained herein.

The CSE has neither approved nor disapproved the information contained herein.
