About Graycliff Exploration Limited

Graycliff Exploration is a mineral exploration company focused on its 1,025 hectares of prospective ground, located roughly 80 kilometres west of Sudbury, Ontario on the prolific Canadian Shield. The Company's Shakespeare Project is located on a property associated with the historic Shakespeare Gold Mine, which operated from 1903 to 1907. Graycliff's Baldwin Project is adjacent to the east. The Company has drilled more than 12,000 metres at its flagship Shakespeare Project, with multiple high-grade gold intercepts and visible gold at surface and at depth. Both projects have excellent infrastructure and favourable geological setting. For more information, visit: www.graycliffexploration.com

About Planet MicroCap
