

McEwen Copper Closes ARS \$30 Billion Investment by Stellantis

27.02.2023 | [GlobeNewswire](#)

TORONTO, Feb. 27, 2023 - McEwen Copper Inc., a subsidiary of [McEwen Mining Inc.](#) (NYSE: MUX) (TSX: MUX), is pleased to announce closing of an ARS \$30 billion investment by Stellantis, one of the world's leading automakers and mobility providers with iconic brands including Abarth, Alfa Romeo, Chrysler, Citroën, Dodge, DS Automobiles, Fiat, Jeep®, Lancia, Maserati, Opel, Peugeot, RAM, Vauxhall, Free2Move and Leasys.

FCA Argentina S.A., a subsidiary of Stellantis N.V. ("Stellantis"), has invested ARS \$30 billion in Argentina to acquire shares of McEwen Copper in a two-part transaction that closed on February 24th, 2023 (the "Transaction") consisting of: 1. Private placement of 2,850,000 common shares, and 2. Purchase of 1,250,000 common shares indirectly owned by McEwen Mining in a secondary sale. The proceeds of the private placement will be used to advance development of the Los Azules copper project in San Juan, Argentina, and for general corporate purposes. After the closing of the Transaction, McEwen Mining will be separately compensated for the secondary sale by McEwen Copper in U.S. dollars.

Giving effect to the upcoming investment by Nuton LLC, also announced today, Stellantis owns 14.2% of McEwen Copper and McEwen Mining owns 51.9% on a fully diluted basis. The Transaction values McEwen Copper at approximately US\$550 million.

Stellantis Chief Executive Officer Carlos Tavares said: *"Stellantis intends to lead the industry with the commitment to be carbon net zero by 2038 - a goal that requires innovation and a complete redefinition of the entire business. We are taking important steps in Argentina and Brazil, with the aim of decarbonizing mobility and ensuring strategic supplies of clean energy and raw materials necessary for the success of the company's global plans."*

McEwen Copper Chief Executive Officer Rob McEwen said: *"We are delighted to have Stellantis as a partner in the future development of our Los Azules copper project. Together, we share a vision to build a mine for the future based on regenerative principles that can achieve net-zero carbon emissions by 2038. We are committed to delivering green copper to Argentina and the world, a product that will contribute to the electrification of transportation and the protection of our atmosphere."*

In connection with the Transaction, McEwen Copper and certain of its affiliates entered into an Investor Rights Agreement with Stellantis (the "Stellantis IRA") and a Copper Cathodes and Concentrates Purchase Rights Agreement (the "CCCPRA"), which are described below.

The Stellantis IRA provides for the following principal terms:

- Stellantis will have the right to nominate one director to the Board of McEwen Copper;
- Comprehensive scientific, technical and strategic planning information rights;
- Pre-emptive right to maintain their ownership percentage in any follow-on equity offering;
- McEwen Copper commits to achieve net-zero carbon emissions from the Los Azules project by 2038; and
- Other terms and conditions consistent with a transaction of this nature.

The CCCPRA provides an option to Stellantis and its affiliates that, if exercised to its maximum extent, would allow them to purchase a percentage of the copper cathodes or copper concentrates or both produced from the Los Azules project, in each case equal to their equity ownership percentage in McEwen Copper at the time of exercise.

About Stellantis

Stellantis N.V. (NYSE: STLA / Euronext Milan: STLAM / Euronext Paris: STLAP) is one of the world's leading automakers and a mobility provider. Its storied and iconic brands embody the passion of their visionary founders and today's customers in their innovative products and services, including Abarth, Alfa Romeo, Chrysler, Citroën, Dodge, DS Automobiles, Fiat, Jeep®, Lancia, Maserati, Opel, Peugeot, RAM, Vauxhall, Free2Move and Leasys. Powered by their diversity, Stellantis leads the way the world moves - aspiring to become the greatest sustainable mobility tech company, not the biggest, while creating added value for all stakeholders as well as the communities in which it operates.
