

Silver Bear Update on Facilities Agreement Amendments

28.02.2023 | [Business Wire](#)

[Silver Bear Resources Plc](#) ("Silver Bear" or the "Company") (TSX: SBR) wishes to provide an update on previously announced amendments to the credit facilities agreement between the Company's wholly-owned subsidiary, Joint Stock Company Prognoz ("Prognoz") and the lenders Inflection Management Corporation Limited ("Inflection") and Unifirm Limited, a wholly owned subsidiary of A.B. Aterra Resources Ltd. ("Aterra") ("FA Amendments"). Both lenders, Inflection and Aterra, are also major shareholders of the Company.

Due to the adoption in late 2022, of the 9th Sanctions Package by the European Union against Russia ("EU 9th Sanctions Package"), which include a prohibition against new investment and new financing of companies in the Russian mining sector the Company's lenders Inflection and Aterra, both companies incorporated in the European Union, have determined that they are each unable to enter into the FA Amendments.

The lenders have determined that the EU 9th Sanctions Package prohibits the FA Amendments specifically: (i) the extension of the maturity dates for Tranches F, G, H and I that became due 1 January 2023 to 31 December 2027 in the total amount of principal of 36,288,278 USD and accumulated interest of 5,800,076 USD; and (ii) other Tranches that will become due 20 March 2023 to 31 December 2028 in the total amount of principal of 99,753,386 USD and accumulated interest of 15,943,916 USD. The FA Amendments were approved by the shareholders of the Company at the Company's Annual General and Special Meeting of shareholders on 05 October 2022.

Despite the support of the Company's lenders the recently imposed EU 9th Sanctions Package have impacted its ability to complete construction of the flotation facility and initiate the underground mining at its Vertikalny Mine. After careful consideration of the Company's current mining operations, cash position, scheduled debt payments, forecast revenue and expenses, the Company's Board of Directors has determined that management in the short-term will undertake the following initiatives, namely:

1. Seek a Russian bank or financial institution capable of refinancing the current shareholder debt facility and providing the additional financing required to complete construction of the new flotation facility and allow for the underground mining at Vertikalny; and/or
2. Seek a prospective joint-partner or financier or buyer for the Vertikalny Mine and the Mangazeisky Project assets.

Management believes that its lenders will work with it (subject to compliance with all applicable sanctions) while it seeks a solution.
