

Green Battery Minerals Inc. Engages Generation IACP Inc. for Market Making Services

01.03.2023 | [The Newswire](#)

Vancouver, March 1, 2023 - [Green Battery Minerals Inc.](#) (the "Company") (TSXV:GEM) (FSE:BK2P) (WKN:A2QENP) (OTC:GBMIF) has engaged the services of Generation IACP Inc. ("Generation") to provide services as a market maker in compliance with the policies and guidelines of the TSX Venture Exchange and other applicable legislation. Generation will receive a fee of C\$7,500 plus applicable taxes per month. The agreement between the Company and Generation is for an initial term of six (6) months and shall be automatically renewed for subsequent six (6) month periods unless the Company provides written notice of termination to Generation. Commencing on the first anniversary of the agreement, the fee payable to Generation will automatically increase annually by 3.0%. No stock options or other compensation are being granted in connection with the engagement. Generation does not currently own any securities of the Company; however, Generation and its clients may acquire an interest in the securities of the Company in the future.

Generation is an arm's length party to the Company. Generation's market making activity will be primarily to correct temporary imbalances in the supply and demand of the Company's shares. Generation will be responsible for the costs it incurs in buying and selling the Company's shares, and no third party will be providing funds or securities for the market making activities. Terms of this agreement are subject to the approval of the TSX.

About Generation IACP Inc.

Generation is based in Toronto, Ontario, and is an independently held and registered broker and member of the Investment Industry Regulatory Organization of Canada, the TSX-V, the Canadian Securities Exchange, and the NEO Exchange, and is a Participating Organization, as such term is defined in the rules and policies of the Toronto Stock Exchange.

About the Company: Green Battery Minerals is managed by a team with over 150 years of collective experience with a proven track record of not just finding numerous mines but building and operating them as well. The Green Battery Minerals management team's most recent success is discovering the Berkwood graphite deposit in Northern Québec. Green Battery Minerals owns 100% of this asset and the Company's shareholders will benefit from this asset as the demand for graphite for electric vehicles increases significantly.

Disclaimer for Forward-Looking Information:

Certain statements in this document which are not purely historical are forward-looking statements, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Forward looking statements in this news release include that the Company will carry out the drill program described in this news release, conduct the Offering and expend funds on Berkwood Graphite Project exploration. It is important to note that the Company's actual business outcomes and exploration results could differ materially from those in such forward-looking statements. Risks and uncertainties include that further permits may not be granted timely or at all; the mineral claims may prove to be unworthy of further expenditure; there may not be an economic mineral resource; methods we thought would be effective may not prove to be in practice or on our claims; economic, competitive, governmental, environmental and technological factors may affect the Company's operations, markets, products and prices; our specific plans and timing drilling, field work and other plans may change; we may not have access to or be able to develop any minerals because of cost factors, type of terrain, or availability of equipment and technology; and we may also not raise sufficient funds to carry out our plans. Additional risk factors are discussed in the section entitled "Risk Factors" in the Company's Management Discussion and Analysis for its recently completed fiscal period, which is available under Company's SEDAR profile at www.sedar.com. No assurance can be given that any of the events anticipated by the forward-looking statements will occur or, if they do occur, what benefits the Company will obtain from them. These forward-looking statements reflect management's current views and are based on certain expectations, estimates and assumptions, which may prove to be incorrect. Except as required by law, we will not update these forward-looking statement risk factors.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
