

Share purchases by Yara management

08.03.2023 | [GlobeNewswire](#)

Oslo, 8 March 2023: As part of its Share Based Remuneration ("SBR") program Yara purchased 58,888 own shares (ticker: YAR, ISIN: NO0010208051) in the market on 8 March 2023 at an average price of NOK 487.5346 per share.

The shares are purchased on behalf of and transferred to Yara executives taking part in the Share Based Remuneration ("SBR") program.

The SBR program is described in the document Guidelines for remuneration of executives 2022 in Yara (link: <https://www.yara.com/siteassets/investors/057-reports-and-presentations/agm/2022/yara-2022-guidelines-for-remuneration>) which was presented to the [Yara International ASA](#) Annual General Meeting 10 May 2022. The SBR shares are locked in for a period of three years after purchase, and furthermore it is expected that members of the Group Executive Board do not sell any Yara shares as long as they are members of the Group Executive Board.

The share purchases on behalf of the following Yara executives are considered as PDMR trades under the Market Abuse Regulation (EU) No 596/2014 ("MAR") and is subject to the disclosure requirements pursuant to MAR article 19:

President and Chief Executive Officer Svein Tore Holsether bought 2,026 shares.

About Yara

Yara grows knowledge to responsibly feed the world and protect the planet. Supporting our vision of a world without hunger and a planet respected, we pursue a strategy of sustainable value growth, promoting climate-friendly crop nutrition and zero-emission energy solutions. Yara's ambition is focused on growing a nature positive food future that creates value for our customers, shareholders and society at large and delivers a more sustainable food value chain.

To achieve our ambition, we have taken the lead in developing digital farming tools for precision farming and work closely with partners throughout the food value chain to improve the efficiency and sustainability of food production. Through our focus on clean ammonia production, we aim to enable the hydrogen economy, driving a green transition of shipping, fertilizer production and other energy intensive industries.

Founded in 1905 to solve the emerging famine in Europe, Yara has established a unique position as the industry's only global crop nutrition company. We operate an integrated business model with around 17,000 employees and operations in over 60 countries, with a proven track record of strong returns. In 2022, Yara reported revenues of USD 24 billion www.yara.com
