

Osisko Development Announces Proposed Reduction in Exercise Price of Warrants Issued in 2022

14.03.2023 | [GlobeNewswire](#)

MONTREAL, March 14, 2023 - [Osisko Development Corp.](#) (NYSE: ODV, TSXV: ODV) ("Osisko Development" or the "Company") is pleased to announce that the Company has received the required approvals of the Company's Board of Directors and made an application to the TSX Venture Exchange to reduce the exercise price of the common share purchase warrants issued in 2022 (the "Warrants") under the following brokered and non-brokered private placements, as summarized below:

| Private Placement | Warrants Issued ⁽¹⁾⁽²⁾ |
|------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| March 2, 2022 (Brokered Private Placement) | 7,752,916 Warrants issued pursuant to a private placement with the Company, with each Warrant entitling the holder thereof to purchase one (1) Common Share (each, a "Common Share") at a price of C\$1.00. |
| March 4, March 29 and April 21, 2022 (Non-Brokered Private Placements) | 11,363,933 Warrants issued pursuant to a non-brokered private placement, with each Warrant entitling the holder thereof to purchase one (1) Common Share until May 27, 2027. |

Notes:

- Figures presented after giving effect to the Consolidation (as defined below). On May 3, 2022, subsequent to closing the above-noted private placements, the Company completed a consolidation of its Common Shares on the basis of one (1) post-consolidation Common Share for every three (3) pre-consolidation common shares (the "Consolidation"). Accordingly, the Warrants were adjusted to give effect to the Consolidation. All numerical figures and exercise prices in respect of the Warrants provided in this news release are provided on a post-Consolidation basis.
- (1) The exercise prices of the Warrants originally issued in Canadian and United States dollars, respectively, will continue to be denominated in their original currency of denomination, with the adjusted exercise prices being equivalent based on the daily exchange rate for Canadian and U.S. dollars as at March 8, 2023.

Sean Roosen, Chairman and CEO, commented, "The proposed warrant repricing is consistent with the interests of all shareholders who have provided and continue to provide considerable support to the Company as we execute on our goal of becoming the next North American-focused mid-tier gold producer."

The proposed Amendments remain subject to the approval of the TSX Venture Exchange. The exercise price for the Warrants have been reduced in accordance with the policies of the TSX Venture Exchange and are expected to become effective prior the end of March 2023, without the need to obtain warrant holder approval.

About Osisko Development Corp.

[Osisko Development Corp.](#) is a premier North American gold development company focused on high-quality past-producing properties located in mining friendly jurisdictions with district scale potential. The Company's objective is to become an intermediate gold producer by advancing its 100%-owned Cariboo Gold Project, located in central B.C., Canada, the Tintic Project in the historic East Tintic mining district in Utah, U.S.A., and the San Antonio Gold Project in Sonora, Mexico. In addition to considerable brownfield exploration potential of these properties, that benefit from significant historical mining data, existing infrastructure and access to skilled labour, the Company's project pipeline is complemented by other prospective exploration properties. The Company's strategy is to develop attractive, long-life, socially and environmentally sustainable mining assets, while minimizing exposure to development risk and growing mineral resources.
