

# NEO Battery Materials to Participate in the Electric Vehicle & Auto Tech Virtual Conference Presented by Maxim Group and Hosted by M-Vest on March 30

17.03.2023 | [GlobeNewswire](#)

VANCOUVER, March 17, 2023 - (TSXV: NBM) (OTCQB: NBMFF)

[NEO Battery Materials Ltd.](#) ("NEO" or the "Company"), a low-cost silicon anode materials developer that enables longer-running, rapid-charging lithium-ion batteries, announces that Chief Executive Officer Spencer Huh and Corporate Development Manager Danny Huh will participate in the Electric Vehicle & Auto Tech Virtual Conference, presented by Maxim Group and hosted by M-Vest, on Thursday, March 30, 2023. Both will participate in the Company's presentation at 10:00 AM ET.

Ongoing adoption of electric vehicles, more technology in automobiles, and lighter and more efficient batteries can create opportunities for companies in many sectors. Executives involved in different parts of the electric vehicle and auto tech markets will discuss future opportunities and sector changes.

This conference will be live on M-Vest. To attend, just sign up to become an M-Vest member.

## *About NEO Battery Materials Ltd.*

[NEO Battery Materials Ltd.](#) is a Vancouver-based company focused on electric vehicle lithium-ion battery materials. NEO has a focus on producing silicon anode materials through its proprietary single-step nanocoating process, which provides improvements in capacity and efficiency over lithium-ion batteries using graphite in their anode materials. The Company intends to become a silicon anode active materials supplier to the electric vehicle industry. For more information, please visit the Company's website at: <https://www.neobatterymaterials.com/>.

This news release includes certain forward-looking statements as well as management's objectives, strategies, beliefs and intentions. Forward looking statements are frequently identified by such words as "may", "will", "plan", "expect", "anticipate", "estimate", "intend" and similar words referring to future events and results. Forward-looking statements are based on the current opinions and expectations of management. All forward-looking information is inherently uncertain and subject to a variety of assumptions, risks and uncertainties, including the speculative nature of mineral exploration and development, fluctuating commodity prices, the effectiveness and feasibility of technologies which have not yet been tested or proven on a commercial scale, competitive risks and the availability of financing, as described in more detail in our recent securities filings available at [www.sedar.com](http://www.sedar.com). Actual events or results may differ materially from those projected in the forward-looking statements and we caution against placing undue reliance thereon. We assume no obligation to revise or update these forward-looking statements except as required by applicable law.

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of*

*the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
