

Millennial Precious Metals Reminds Shareholders To Vote To Approve The Proposed Arrangement With Integra Resources

20.04.2023 | [CNW](#)

- Shareholders are encouraged to vote well in advance of the proxy deadline of April 24, 2023 at 4:00 p.m. (Toronto time)

- Shareholders who have questions or need assistance with voting should contact Laurel Hill Advisory Group by telephone at 1-877-452-7184 (North American Toll Free) or 416-304-0211 (Outside North America), or by email at assistance@laurelhill.com

TORONTO, April 20, 2023 - [Millennial Precious Metals Corp.](#) (TSXV: MPM) (OTCQB: MLPMF) ("Millennial" or the "Company") reminds its shareholders to vote ahead of the upcoming special meeting of the shareholders of Millennial (the "Meeting") to be held on April 26, 2023 at 4:00 p.m. (Toronto time). The board of directors of Millennial unanimously recommends that Millennial shareholders vote FOR the plan of arrangement (the "Arrangement") involving the acquisition of all of the issued and outstanding common shares in the capital of Millennial by [Integra Resources Corp.](#) ("Integra").

REASONS TO VOTE FOR THE ARRANGEMENT

- **Enhanced Scale & Diversification.** The combined company of Integra and all of its subsidiaries after giving effect to the completion of the Arrangement (the "Combined Company") will have a portfolio that contains three of the top oxide heap leach gold-silver projects in the U.S. not currently controlled by a major mining company and will create a foundation for building a new, Great Basin focused, precious metals producer.
- **Strong Balance Sheet to Advance Projects.** The Combined Company will have a significantly strengthened balance sheet allowing for meaningful advancement of key milestones at the DeLamar gold and silver project, consisting of the neighbouring DeLamar deposit and Florida Mountain deposit, the Wildcat property and the Mountain View property.
- **Improved Capital Markets Presence.** The Combined Company is expected to have enhanced institutional investor following, increased size and trading liquidity in both Canada and the U.S., along with a strong equity research following.
- **Greater Potential for Value Creation.** Combination of the DeLamar project, the Wildcat property and the Mountain View property, with a sequenced development strategy, is expected to result in greater value creation for the existing shareholders of Integra and Millennial that would not be possible on a standalone basis, balancing execution risks between the three projects.
- **Wheaton Partnership.** Strategic equity partnership with Wheaton Precious Metals Corp. provides transaction and project validation and creates a pathway to project financing with an industry leader.

YOUR VOTE IS IMPORTANT NO MATTER HOW MANY SHARES YOU OWN

The Meeting will be held at the offices of Bennett Jones LLP, 3400 One First Canadian Place, 100 King Street West, Toronto, Ontario, M5X 1A4, at 4:00 p.m. (Toronto time) on April 26, 2023.

CAUTION REGARDING FORWARD LOOKING STATEMENTS

Certain statements in this news release are forward-looking statements, which reflect the expectations of management regarding the business development objectives and plans of Millennial.

Forward-looking information contained in this news release are based on certain factors and assumptions. While Millennial considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. Forward looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such factors include risks inherent in the exploration and development of mineral deposits,

including risks relating to changes in project parameters as plans continue to be redefined, risks relating to variations in grade or recovery rates, risks relating to changes in mineral prices and the worldwide demand for and supply of minerals, risks related to increased competition and current global financial conditions, access and supply risks, reliance on key personnel, operational risks, regulatory risks, including risks relating to the acquisition of the necessary licenses and permits, financing, capitalization and liquidity risks, title and environmental risks and risks relating to health pandemics and the outbreak of communicable diseases.

Further, these forward-looking statements reflect management's current views and are based on certain expectations, estimates and assumptions which may prove to be incorrect. A number of risks and uncertainties could cause the Company's actual results to differ materially from those expressed or implied by the forward-looking statements, including: (1) a downturn in general economic conditions in North America and internationally, (2) the inherent uncertainties and speculative nature associated with mineral exploration, (3) a decreased demand for precious metals, (4) any number of events or causes which may delay exploration and development of the property interests, such as environmental liabilities, weather, mechanical failures, safety concerns and labour problems, (5) the risk that the Company does not execute its business plan, (6) inability to finance operations and growth, (7) inability to obtain all necessary permitting and financing, and (8) other factors beyond the Company's control. These forward-looking statements are made as of the date of this news release and Millennial does not assume an obligation to update these forward-looking statements, or to update the reasons why actual results differed from those projected in the forward-looking statements, except in accordance with applicable securities laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
