

Alpha Lithium Advises Shareholders to TAKE NO ACTION on Tecpetrol's Significantly Undervalued Takeover Bid

09.06.2023 | [GlobeNewswire](#)

VANCOUVER, June 09, 2023 - [Alpha Lithium Corp.](#) (NEO: ALLI) (OTC: APHLF) (German WKN: A3CUW1) ("Alpha Lithium" or the "Company") announces that it has received an unsolicited takeover bid from TechEnergy Lithium Canada Inc., a subsidiary formed five days ago by the Spanish firm Tecpetrol Investments S.L. ("Tecpetrol") (the "Tecpetrol Offer").

The board of directors of Alpha Lithium (the "Board") and its special committee of independent directors (the "Special Committee") will review the Tecpetrol Offer and related takeover bid circular with their financial and legal advisors; after which, the Board will respond in detail and make a recommendation to the Company's shareholders through a news release and a directors' circular, in accordance with applicable securities laws, within the next 15 calendar days.

As noted in the Company's June 5, 2023 press release, Alpha Lithium has been involved in an ongoing and comprehensive process to explore the potential sale of the Tolillar asset, with a focus on maximizing value for shareholders.

The Tecpetrol Offer appears to be a transparent attempt to frustrate an ongoing and robust competitive process, at a price significantly below precedent transactions.

Accordingly, Alpha Lithium urges shareholders to take no action and not to deposit any Alpha Lithium shares in relation to the Tecpetrol Offer. Additionally, Alpha Lithium shareholders should not take any action on the Tecpetrol Offer until Alpha Lithium's Special Committee and Board have had the opportunity to fully review the Tecpetrol Offer (including other possible alternatives) in detail and make a formal recommendation to shareholders.

The Tecpetrol Offer will remain open until 5:00 pm on September 22, 2023, which will provide ample time for shareholders to reach a decision.

Tecpetrol first made an unsolicited non-binding offer on May 15, 2023, which was rejected by the Board after determining the bid to be opportunistic with a low and declining premium to the trading price of the Company's common shares and not in the best interests of Alpha Lithium shareholders.

Subsequently on June 2, 2023, Tecpetrol announced its intention of taking the same undervalued bid directly to shareholders via a formal takeover bid to be made by a Canadian subsidiary that did not then exist.
