Institutional investors, portfolio managers, financial analysts, CIOs and other investment industry professionals registered for the EnerCom Denver - The Energy Investment Conference can now request one-on-one meetings with the senior management teams of participating companies on the EnerCom Denver conference website. The energy investment community and industry professionals are encouraged to register and make travel plans now for EnerCom Denver, which will take place August 13-16, 2023 at the Westin Denver Downtown. There is no cost to register for qualified investment professionals and oil and gas company executives. The EnerCom Denver conference provides top-level access to oil and gas company C-suites.

The four-day conference provides investors unparalleled access and networking opportunities, including one-on-one meetings with company management teams. Meetings are limited to qualified investors, including buy-side principals, portfolio managers, CIOs, and securities analysts.

The conference kicks off with the annual Charity Golf Tournament on Sunday, August 13th at the scenic Arrowhead Golf Club. The golf event is sponsored by global sponsor Netherland, Sewell & Associates, as well as EnerCom, Studio X, Fortis Energy Services and SLS Group, providing a 2023 Porsche Macan prize at the hole-in-one tee box.

The EnerCom Denver Golf Tournament is a fundraiser for IN! Pathways to Inclusive Higher Education with a mission to create inclusive college opportunities in Colorado for students with intellectual disabilities and to foster academic growth, social development, and career advancement. The charity golf tournament requires a \$150 donation to participate. Golf tournament sponsorship opportunities are still available; inquiries can be directed to Blanca Andrus at bandrus@enercominc.com.

The EnerCom Denver conference will also host a Monday Mixer cocktail reception-held after day one of conference presentations-for attendees to enjoy appetizers, drinks, and live music as they mingle with key representatives from the energy industry.

Following day two of the conference, the Colorado Rockies baseball game is a premier networking event that brings together all facets of the energy community. Attendees will enjoy networking with conference VIP

suite sponsors and 200 EnerCom-invited conference executives and investors over drinks and game-day food in a setting that allows you to move freely between the contiguous sponsored suites to network, forge relationships, and enjoy a memorable summer evening at beautiful Coors Field.

For the past 28 years, EnerCom Denver has been the largest independent investor conference for the oil and gas industry and broadening energy industry that is open to all energy companies, investors, and professionals to participate. EnerCom Denver is the go-to energy conference offering investment professionals an unparalleled opportunity to listen to the world's leading senior management teams outline their investment strategies and share their plans to drive development, fund operations, generate cash flow, and return value to stakeholders, and provides industry professionals a venue to learn about important topics currently affecting the global energy industry.

Held at The Westin Denver Downtown hotel, EnerCom Denver annually hosts a large, in-person audience, including industry professionals, institutional and retail investors, high-net-worth individuals, family office investors, venture capital funds, and private equity funds. In addition, the conference live webcast reaches a large global audience of virtual attendees. Attendees can expect to hear presentations featuring public and private oil and gas companies with operations worldwide. In addition, there will be multiple panel discussions touching on various current energy topics.

Conference Details: EnerCom Denver - The Energy Investment Conference in Denver offers investment professionals a unique opportunity to network and listen to senior management teams from leading companies across the energy value chain update investors on their operational and financial strategies and learn how the leading energy companies are building value in 2023.
