[Northern Oil and Gas Inc.](#) (NYSE: NOG) ("NOG" or the "Company") today announced that its Board of Directors has declared a cash dividend on the Company's common stock. The Company is also providing a framework for setting future dividend policy.

DIVIDEND DECLARATION

NOG's Board of Directors has declared a cash dividend in the amount of \$0.38 per share, representing a ~3% increase from the prior quarterly dividend. The dividend is payable on October 31, 2023, to stockholders of record as of the close of business on September 28, 2023.

FUTURE DIVIDEND PLANS

The Company anticipates reviewing and setting dividend policy during the first fiscal quarter hereafter, on an annual basis, with the potential for interim modifications driven by material changes in realized commodity prices, significant corporate actions or other events.

MANAGEMENT COMMENTS

"NOG remains on track for through-cycle, differentiated growth, particularly notable given the reduced commodity price outlook over the past twelve months," commented Nick O'Grady, NOG's Chief Executive Officer. "We continue to provide for potential future growth while retaining flexibility for dynamic capital allocation."

Chad Allen, NOG's Chief Financial Officer added, "We are proud to be able to deliver another dividend increase, which represents more than 50% growth in cash returns over the dividend paid for the same period last year. At the same time, we remain focused on managing risk prudently to protect all stakeholders."
