"As we plan for our inaugural shipment of lithium concentrate from our North American Lithium offtake, we are pleased to share our progress across our entire portfolio of projects with the industry and investors," said Keith Phillips, Piedmont President and Chief Executive Officer. "Our cash position is strong as production continues to ramp up in Quebec for additional 2023 shipments and we prepare to support further development of our lithium projects in Ghana, Tennessee, and North Carolina."

About Piedmont Lithium

Piedmont Lithium Inc. (Nasdaq: PLL; ASX: PLL) is developing a world-class, multi-asset, integrated lithium business focused on enabling the transition to a net zero world and the creation of a clean energy economy in North America. Our goal is to become one of the largest lithium hydroxide producers in North America by processing spodumene concentrate produced from assets where we hold an economic interest. Our projects include our Carolina Lithium and Tennessee Lithium projects in the United States and partnerships in Quebec with Sayona Mining (ASX: SYA) and in Ghana with Atlantic Lithium (AIM: ALL; ASX: A11). These geographically diversified operations will enable us to play a pivotal role in supporting America's move toward energy independence and the electrification of transportation and energy storage.
