Vancouver, September 11, 2023 - [Homerun Resources Inc.](#) (TSXV: HMR) (OTCQB: HMRFF) ("Homerun" or the "Company") is pleased to announce that its common shares are now quoted for trading on the OTCQB venture market (the "OTCQB") under the symbol "HMRFF". The Company has also received The Depository Trust Company (the "DTC") eligibility in the United States, thus allowing the Company's stock to be more easily traded by and accessible to US institutional and retail investors. This milestone marks a significant development in our journey towards expanding our presence in the United States and advancing our corporate objectives.

CEO, Brian Leeners stated: "This upgraded listing onto the OTCQB is of paramount importance to Homerun as it aligns with our ongoing corporate developments and planned expansion initiatives into the United States market. The OTCQB listing will play a pivotal role in bolstering our visibility and enhancing liquidity for both new and existing shareholders."

The OTCQB allows early stage and developing companies the benefit of being publicly traded in the United States. Eligible companies must be current in their financial reporting, pass a minimum bid test and undergo an annual verification and management certification process.

DTC is a subsidiary of the Depository Trust & Clearing Corporation, a US based company that manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through DTC are "DTC eligible".
