

# One Million Trees: Baker Hughes Foundation Contributions Reach Milestone Achievement for Reforestation

18.09.2023 | [ACCESS Newswire](#)

New grant awarded to One Tree Planted supports continued global reforestation efforts where Baker Hughes employees live and work

HOUSTON, September 18, 2023 - The Baker Hughes Foundation announced Monday a third grant to One Tree Planted that enables the nonprofit organization to achieve a total of 1 million trees planted across 17 countries as a result of the Foundation's contributions.

The grants, which support One Tree Planted's environmental and social impact efforts across the globe, now total \$1 million over three years. In 2021, the grant helped plant 268,000 trees, and in 2022, 350,000 trees were planted. The 2023 award will fuel global reforestation efforts, in the amount of 382,000 trees, in several areas where Baker Hughes conducts business: the Andes region of South America; British Columbia, Canada; China; France; Germany; Scotland; and Texas, U.S.

"This milestone speaks to our commitment to environmental sustainability, and I want to recognize the contributions of our employees, who last year came together across the world to plant trees in the areas where we work and live," said Baker Hughes Chairman and CEO Lorenzo Simonelli. "I am grateful for their continued dedication to our sustainability goals and am inspired by what we and One Tree Planted can accomplish together."

One Tree Planted is a nonprofit organization focused on global reforestation. Their mission is to make it simple for anyone to help the environment by planting trees to restore forests, create habitats for biodiversity, and make a positive social impact around the world. With an emphasis on vulnerable areas that need support, One Tree Planted also provides an opportunity for organizations to impact communities through education and awareness of tree-planting projects.

"We all have a role to play in protecting the environment and combating climate change, and we admire the Baker Hughes Foundation's continued dedication to being a force for good," said Matt Hill, founder of One Tree Planted. "With the Baker Hughes Foundation's impressive commitment to giving back to the environment by planting 1 million trees to date, we are making a powerful impact for nature and communities in 17 countries around the world."

This grant aligns with the Baker Hughes Foundation's mission of promoting environmental outcomes such as nature-based climate solutions and biodiversity. This donation also supports Baker Hughes' commitment to advancing the United Nations' Sustainable Development Goals (SDGs) - specifically SDG 12 to ensure sustainable consumption and production patterns.
