About Tembo

Tembo Gold is a rapidly growing gold exploration and development company listed on the TSX Venture Exchange under the symbol TEM. Leveraging our unique position and experience, the company is principally focused on growth and consolidation in the highly prolific and prospective Lake Victoria Goldfield in Tanzania.

The Company has a 100% interest in the Tembo project which has over 50 thousand meters of drilling and is located adjacent to Barrick's 20Moz Bulyanhulu Mine. The Company recently announced the acquisition of two deposits (see press releases on August 10th, 2023 & August 29th, 2023) that support our objective of accretive growth and consolidation. The Imwelo and Dora projects, located approximately 12 km from AngloGold Ashanti's flagship Geita Gold Mine, both have potential for significant resource growth.

Tembo has assembled a highly experienced team with a track record of developing, financing and operating mining projects in Africa with management, directors and partners owning more than 60% of the shares. Notably, the company is grateful for the validation that comes with the support and equity investment from Barrick Gold and recent strategic partnership with Taifa Group, owned by Tanzanian tycoon Rostam Aziz. Taifa, a diverse group of companies with interests in mining, telecom, oil/gas, agribusiness, pharmaceuticals and leather, has taken a significant equity stake in Tembo through its wholly owned Tanzanian subsidiary, Taifa Mining. Taifa Mining is Tanzania's largest mining contractor with over 30 years mining related experience and will carry out all the contract mining and civil works for Tembo's projects.
