

Strathmore Announces the Appointment of Raymond Ashley and Sam Hartmann to the Technical Advisory Board

02.10.2023 | [Newsfile](#)

Kelowna, October 2, 2023 - [Strathmore Plus Uranium Corp.](#) (TSXV: SUU) (OTCQB: SUUFF) ("Strathmore" or "the Company"), is pleased to announce the appointment of Raymond Ashley, President of F3 and Sam Hartmann, VP of Exploration at F3 to the Strathmore technical advisory board.

Mr. Ashley holds a B.Sc. degree in Geophysics from McGill University in Montreal; he is a registered Geoscientist with the Association of Professional Engineers and Geoscientists of Alberta and Saskatchewan and is currently F3's Qualified Person as defined by NI 43-101.

Mr. Hartmann holds a B.Sc. degree from the University of British Columbia; he is a registered Geoscientist with the Association of Professional Engineers and Geoscientists of British Columbia, Alberta, and Saskatchewan, and is a Qualified Person as defined by NI 43-101.

Raymond Ashley P. Geo, stated:

"I am honored to accept this role along with Sam Hartmann on the Strathmore Plus Uranium technical advisory board and to work with John Dejoia and Terrence Osier who are very experienced geologists in the US Uranium Industry. I am excited to help the team advance the Strathmore Plus projects in the Gas Hills District and Shirley Basin Region of Wyoming and keen to try to apply my geophysical experience to suggesting possible new approaches to assist the exploration effort."

Sam Hartmann P. Geo, stated:

"I am excited to join the Strathmore Plus Uranium technical advisory board and collaborate with John Dejoia and Terrence Osier on the Night Owl, Agate and Beaver Rim uranium properties in Wyoming. I thank Strathmore for the opportunity and look forward to complementing the Strathmore technical team with my Athabasca Uranium expertise."

Strathmore also announces that Jamie Bannerman has stepped down as a director of the company effective immediately. Dev Randhawa, CEO commented, "We want to thank Jamie for all his efforts and expertise as a director during our busy start up phase at Strathmore. He will be taking on other corporate activities as we move into our drilling and exploration phase."

About Strathmore Plus Uranium Corp.

Strathmore has 3 uranium projects in Wyoming, including Agate, Beaver Rim, and Night Owl. The Agate and Beaver Rim properties contain uranium in typical Wyoming-type roll front deposits based on historical drilling data. The Night Owl property is a former producing surface mine that was in production in the early 1960s. Strathmore received an exploration permit for the Beaver Rim project in October and is now applying for an exploration and drilling permit for Night Owl.
