

# Phenom Progressing on New U.S. Federal Grant Applications

17.10.2023 | [Newsfile](#)

Vancouver, October 17, 2023 - [Phenom Resources Corp.](#) (TSXV: PHNM) (OTCQX: PHNMF) (FSE: 1PY0) ("Phenom" or the "Company") is pleased to provide an update on its work towards U.S. Federal grant application submissions. Currently, the Company is preparing two submissions to the Department of Energy (DOE) and its Office of Fossil Energy and Carbon Management (FECM) addressing priorities in the Bipartisan Infrastructure Law (BIL) regarding Critical Material Innovation, Efficiency, and Alternatives with the research, development, and demonstration program. DOE's FECM intends to fund high impact applied RD&D bench and pilot scale projects with this funding opportunity.

The Company's submission drafts for the Carlin Vanadium Project are in their advanced stage of completion. The Company plans to complete by the end of the month and submit before the deadline of November 10, 2023. These submissions are directed to support prefeasibility and feasibility studies for the Carlin Vanadium Project.

The Company will be monitoring for additional funding opportunity announcements that would apply to the Carlin Vanadium Project, including the notice of a second round of funding of approximately \$3.5 billion to be made available for battery materials processing and battery manufacturing grants.

In other news, drilling is progressing at Carlin with the 2,000' RC hole RC23-17.

About Phenom Resources Corp.

Phenom has 100% interest in the Carlin Gold-Vanadium Project, located in Elko County, 6 miles south from the town of Carlin, Nevada and Highway I-80 which hosts the Carlin Vanadium deposit, North America's largest highest grade primary vanadium resource. The Project lies in the Carlin Gold Trend. Approximately 9 million ounces comprised of multiple gold deposits, including past producing mines, are present near the Phenom property (5-15km).

Forward-Looking information

Certain statements in this news release constitute "forward-looking" statements. These statements relate to future events or the Company's future performance. All such statements involve substantial known and unknown risks, uncertainties and other factors which may cause the actual results to vary from those expressed or implied by such forward-looking statements. Forward-Looking statements involve significant risks and uncertainties, they should not be read as guarantees of future performance or results, and they will not necessarily be accurate indications of whether or not such results will be achieved. Actual results could differ materially from those anticipated due to a number of factors and risks. Although the forward-looking statements contained in this news release are based upon what management of the Company believes are reasonable assumptions on the date of this news release, the Company cannot assure investors that actual

results will be consistent with these forward-looking statements. The forward-looking statements contained in this press release are made as of the date hereof and the Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required under applicable securities regulations.
