Vancouver, October 18, 2023 - [Sabre Gold Mines Corp.](#) (TSX: SGLD (OTCQB: SGLDF) ("Sabre Gold" or the "Company") is pleased to announce that its partner, Rackla Metals ("Rackla"), has exercised its option to acquire a 100% interest, subject to a 2.5% NSR royalty, in the SER property. Pursuant to the SER Option Agreement dated September 29, 2022, Rackla has completed the following:

1. paid \$50,000 cash to Sabre upon signing of the agreement,
2. within 12 months of signing, paid an additional \$300,000 final payment in a combination of 655,021 common shares of Rackla and \$150,000 cash to Sabre.

The shares issued to the Company are subject to a resale restriction which expires on February 17, 2024.

"We are pleased to see Rackla making excellent progress on their collection of properties in the Yukon," commented CEO & President Andrew Elinesky, "The Company looks forward to seeing further exploration results for SER and the surrounding area and creating value for our royalty interest. Along with the Company's other recent transactions we are excited to be streamlining our assets and putting our sole focus on working towards gold production at the fully permitted Copperstone Mine in Arizona."

For more information on SER and the surrounding exploration properties held by Rackla please see <https://racklametals.com/projects/>.

Cautionary Note Regarding Forward-Looking Statements

This news release contains forward-looking information under Canadian securities legislation including statements concerning the proposed debt and stream restructuring and the potential effect on Company's financial condition, the Company's views on exploration upside at Rackla's properties and potential corresponding value of the Company's NSR on the SER Property, the Company's views on exploration

upside and the potential that resources at Copperstone can be expanded through additional exploration drilling, and intentions regarding the development of and restart of production at Copperstone. These forward-looking statements entail various risks and uncertainties that could cause actual results to differ materially from those reflected in these forward-looking statements. Such statements are based on current expectations, are subject to a number of uncertainties and risks, and actual results may differ materially from those contained in such statements. These uncertainties and risks include, but are not limited to: the proposed debt and stream restructuring being completed on the terms disclosed, the assumptions used in the preparation of the PEA for the Copperstone project, basing a construction decision on the results of a PEA and not on a feasibility study of mineral reserves, demonstrating economic and technical viability; the price of gold; operational, funding, and liquidity risks; reliance on third parties, exploration risk, failure to upgrade resources, the degree to which mineral resource and reserve estimates are reflective of actual mineral resources and reserves; the degree to which factors which would make a mineral deposit commercially viable are present, and the risks and hazards associated with underground operations and other risks involved in the mineral exploration and development industry. Risks and uncertainties about Sabre Gold's business are more fully discussed in the Company's disclosure materials, including its annual information form and MD&A, filed with the securities regulatory authorities in Canada and available at www.sedar.com and readers are urged to read these materials. Sabre Gold assumes no obligation to update any forward-looking statement or to update the reasons why actual results could differ from such statements unless required by law.
