Forward Looking Information

Certain statements contained in this news release may constitute "forward-looking information or statements" within the meaning of applicable securities laws, including without limitation, statements that address the name and ticker symbol. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "expects" or "it is expected", or variations of such words and phrases or statements that certain actions, events or results "will" occur. These forward-looking statements are subject to a number of risks and uncertainties. Actual results may differ materially from results contemplated by the forward-looking statements. Factors that could cause actual results to differ materially from those in forward looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions, approvals and authorizations, capital market conditions, restriction on labour and international travel and supply chains, increase in costs, litigation, and failure of counterparties to perform their contractual obligations. Accordingly, the actual events may differ materially from those

projected in the forward-looking statements. When relying on forward-looking statements to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and should not place undue reliance on such forward-looking statements. The Company does not undertake to update any forward-looking statements, except as may be required by applicable securities laws.
