

Vital Energy Announces Conversion of 2.0% Cumulative Mandatorily Convertible Series A Preferred Stock

21.11.2023 | [GlobeNewswire](#)

TULSA, Nov. 21, 2023 - [Vital Energy Inc.](#) (NYSE: VTLE) ("Vital Energy" or the "Company") today announced its intention to mandatorily convert all outstanding shares of its 2.0% Cumulative Mandatorily Convertible Series A Preferred Stock, par value \$0.01 per share (the "Series A Preferred Stock"), into shares of the Company's common stock, par value \$0.01 per share, on November 29, 2023 pursuant to the terms of the Certificate of Designations of 2.0% Cumulative Mandatorily Convertible Series A Preferred Stock. Holders of Series A Preferred Stock do not need to take any action. As of November 21, 2021, the Company had 6,131,381 shares of Series A Preferred Stock outstanding.

On November 29, 2023, each outstanding share of Series A Preferred Stock will automatically convert into one (1) share of common stock. The number of shares of common stock issuable on conversion was determined as set forth in the Certificate of Designations.

Upon conversion, the Series A Preferred Stock will no longer be outstanding and all rights with respect to the Series A Preferred Stock will cease and terminate following receipt of the number of shares of common stock issuable upon conversion of the Series A Preferred Stock.

About Vital Energy

[Vital Energy Inc.](#) is an independent energy company with headquarters in Tulsa, Oklahoma. Vital Energy's business strategy is focused on the acquisition, exploration and development of oil and natural gas properties in the Permian Basin of West Texas.

Additional information about Vital Energy may be found on its website at www.vitalenergy.com.

Forward Looking Statements

This press release and any oral statements made regarding the subject of this release contain forward-looking statements as defined under Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, that address activities that Vital Energy assumes, plans, expects, believes, intends, projects, indicates, enables, transforms, estimates or anticipates (and other similar expressions) will, should or may occur in the future are forward-looking statements. The forward-looking statements are based on management's current belief, based on currently available information, as to the outcome and timing of future events. The forward-looking statements involve risks and uncertainties.

General risks relating to Vital Energy include, but are not limited to, continuing and worsening inflationary pressures and associated changes in monetary policy that may cause costs to rise; changes in domestic and global production, supply and demand for commodities, including as a result of actions by the Organization of Petroleum Exporting Countries and other producing countries and the Russian-Ukrainian or Israeli-Hamas military conflicts, the decline in prices of oil, natural gas liquids and natural gas and the related impact to financial statements as a result of asset impairments and revisions to reserve estimates, reduced demand due to shifting market perception towards the oil and gas industry; competition in the oil and gas industry; the ability of the Company to execute its strategies, including its ability to successfully identify and consummate strategic acquisitions at purchase prices that are accretive to its financial results and to successfully integrate acquired businesses, assets and properties, pipeline transportation and storage constraints in the Permian Basin, the effects and duration of the outbreak of disease, and any related government policies and actions, long-term performance of wells, drilling and operating risks, the possibility of production curtailment, the impact of new laws and regulations, including those regarding the use of hydraulic fracturing, including under

the Inflation Reduction Act (the "IRA"), including those related to climate change, the impact of legislation or regulatory initiatives intended to address induced seismicity on the Company's ability to conduct its operations; hedging activities, tariffs on steel, the impacts of severe weather, including the freezing of wells and pipelines in the Permian Basin due to cold weather, possible impacts of litigation and regulations, the impact of the Company's transactions, if any, with its securities from time to time, the impact of new environmental, health and safety requirements applicable to the Company's business activities, the possibility of the elimination of federal income tax deductions for oil and gas exploration and development and imposition of any additional taxes under the IRA or otherwise, and other factors, including those and other risks described in its Annual Report on Form 10-K for the year ended December 31, 2022 and those set forth from time to time in other filings with the Securities and Exchange Commission (the "SEC"). These documents are available through Vital Energy's website at www.vitalenergy.com under the tab "Investor Relations" or through the SEC's Electronic Data Gathering and Analysis Retrieval System at www.sec.gov. Any of these factors could cause Vital Energy's actual results and plans to differ materially from those in the forward-looking statements. Therefore, Vital Energy can give no assurance that its future results will be as estimated. Any forward-looking statement speaks only as of the date on which such statement is made. Vital Energy does not intend to, and disclaims any obligation to, correct, update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by applicable law.
