

Gold'n Futures Mineral Corporation - Announces Debt Settlement

06.12.2023 | [The Newswire](#)

Vancouver, Dec. 5, 2023 - [Gold'n Futures Mineral Corp.](#) (CSE:FUTR) (FSE:G6M), (OTC:GFTRF) (the "Company" or "Gold'n Futures") announced that it has entered into debt settlement agreements (the "Settlement Agreements") to settle outstanding cash payments owed to two creditors (the "Creditors") totaling \$76,000 for legal, accounting and corporate administration fees. Pursuant to the Settlement Agreements, the Company has agreed to issue an aggregate of 7,600,000 common shares ("Shares") at a deemed price of \$0.01 per Share, based on a 20-day VWAP. The Company anticipates closing the Settlement Agreements on or about December 11, 2023.

The board of directors of the Company has determined that it is in the best interests of the Company to settle the outstanding debts by the issuance of the Shares in order to preserve the Company's cash for working capital.

The Company will be relying on the "Employee, Executive Officer, Director and Consultant" exemption contained in section 2.24 (the "Exemption") of NI 45-106 Prospectus Exemptions, to issue the Shares to the Creditors. Securities issued under the Exemption are subject to a seasoning period, however they are not subject to a 4 month and 1 day resale restriction.

One Settlement Agreement in the amount of \$46,000 is with Fish Purdy LLP., a company partially controlled by Matthew Fish, a director of the Company, and accordingly this is a "related party transaction" as such term is defined by Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Company will rely on the exemption from formal valuation and minority shareholder approval requirements set out in MI 61-101 as the fair market value of the transaction does not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101.
