20.12.2023 | [ACCESS Newswire](#)

TORONTO, December 20, 2023 - [Newport Gold Inc.](#) (OTC PINK:NWPG) ("near me Technologies Inc." or the "Company") is pleased to announce it has signed a Statement of Work with platformOS for the re-design and development of the nearme.cool website and app, the flagship assets of the company. The agreement was ratified with an initial down payment.

The initial phase will include the development of an integrated Software as a Service (SaaS) solution for building Small Business Websites. This will provide significant value to potential Business partners at a competitive cost. near me™ Website Builder will help small business owners create their own hosted website to sell food, products, and services and will be directly integrated into the near me™ search and discovery platform, which will facilitate discount/deal marketing/advertising opportunities for location-specific browsing by local customers.

Additional requirements of the agreement will include a mobile app to allow near me™ to be added to the Google Play and Apple App stores. The near me Technologies team will create an Apple Developer and Google Play Developer Accounts from which platformOS will use to deploy the app for Google and Apple approval.

Anthony McCabe, interim CEO, near me Technologies Inc., commented "We are excited to move forward with the evolution of our near me™ search and discovery platform. With the Business Website Builder, we hope to attract small businesses to partner with us by providing a cost-effective/high-value solution/marketing opportunity that small businesses are looking for. In the current economic climate, we know that brick & mortar businesses are looking for more efficient & effective options and we believe that the near me™ platform will provide unparalleled value and opportunities to small businesses."

"Additionally, we are also excited to work with a trusted partner, platformOS, an award-winning company with a history of success. The Intellectual and Capital investment we are leveraging from platformOS is significant to our success."
