

Northcliff's Sisson Project Featured In Canadian Mining Magazine

10.01.2024 | [CNW](#)

VANCOUVER, Jan. 10, 2024 - [Northcliff Resources Ltd.](#) ("Northcliff" or the "Company") (TSX: NCF) announces an article on critical minerals and the Sisson Project is one of the features in the Winter Edition of the Canadian Mining Magazine. Available in print and online versions, the Winter Edition is published in January, early in the conference season and ahead of Prospectors & Developers Association of Canada annual conference in March 2024.

The Sisson Project hosts a significant deposit of tungsten and molybdenum - two minerals that have been identified as critical minerals in Canada, and other countries. The article by Northcliff CEO Andrew Ing, updates readers on the project while discussing the ways tungsten and molybdenum are being used in creating a sustainable future.

About Northcliff Resources Ltd.

Northcliff is a mineral resource company focused on advancing the feasibility-stage Sisson Tungsten-Molybdenum Project located in New Brunswick, Canada, to production. Northcliff owns an 88.5% interest in the Sisson Partnership, which owns the Sisson Tungsten-Molybdenum Project.

Additional information on Northcliff is available on the website at www.northcliffresources.com.

On behalf of the Board of Directors
Andrew Ing
President & Chief Executive Officer

Forward-Looking Information

This news release contains forward-looking information based on current expectations. Forward-looking information is provided for the purpose of presenting information about management's current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. Forward looking information may include, without limitation, the opinions or beliefs of management, prospects, opportunities, priorities, targets, goals, ongoing objectives, milestones, strategies, and outlook of Northcliff, and includes statements about, among other things, future developments, the future operations, strengths and strategy of Northcliff. Generally, forward looking information can be identified by the use of forward looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". These statements should not be read as guarantees of future performance or results. These statements are based upon certain material factors, assumptions and analyses that were applied in drawing a conclusion or making a forecast or projection, including Northcliff's experience and perceptions of historical trends, the ability of Northcliff to maximize shareholder value, current conditions and expected future developments, as well as other factors that are believed to be reasonable in the circumstances.

Although such statements are based on management's reasonable assumptions at the date such statements are made, there can be no assurance that it will be completed on the terms described above and that such forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such forward-looking information. Accordingly, readers should not place undue reliance on forward-looking information. Northcliff assumes no responsibility to update or revise forward-looking information to reflect new events or circumstances unless required by applicable law.

For additional information regarding forward-looking statements and their related risks, please refer to the "Risk Factors" section in the Annual Information Form of the Company for the year ended on October 31, 2022, which is available on the Company's SEDAR+ profile at www.sedarplus.ca.
