

Westward Gold Inc. Announces Non-Brokered Private Placement Financing

28.02.2024 | [The Newswire](#)

[Westward Gold Inc.](#) (CSE:WG) (OTC:WGLIF) (FSE: IM50) ("Westward" or the "Company") is pleased to announce that it intends to complete a non-brokered private placement (the "Offering") of up to 12,500,000 units (each, a "Unit") at a price of C\$0.08 per Unit, for aggregate gross proceeds to the Company of up to C\$1,000,000. Each Unit will be comprised of one common share of the Company (each, a "Common Share") and one common share purchase warrant (each, a "Warrant"). Each Warrant will entitle the holder thereof to purchase one Common Share of the Company at a price of C\$0.12 for a period of 24 months following the closing date of the Offering.

The net proceeds from the Offering will be used primarily (i) to fund advanced drill-targeting efforts at the Company's consolidated land package on the Cortez Trend (the "Properties"), including detailed geological mapping, rock-chip and soil sampling programs, and geophysical surveys (further described in Westward's press release dated February 27, 2024), (ii) to fund ongoing due diligence of potential M&A opportunities, and (iii) for general working capital purposes. The Company may expand the scope of exploration activities at the Properties to include potential drilling, based on the results of the aforementioned programs and depending on capital availability. Closing of the Offering is subject to receipt of all necessary regulatory approvals, including from the Canadian Securities Exchange (the "CSE"). The Common Shares and Warrants issued in relation to the Offering will be subject to a hold period of four months and one day, in accordance with applicable securities laws. Certain finder's fees may also be payable to qualifying parties in accordance with the policies of the CSE.

Andrew Nelson, Chief Financial Officer, commented: "The future is as bright as ever for Westward - we now own 100% of all five of our projects on major Nevada gold trends, and we continue to attract industry-leading talent to our team. The value proposition at these levels is compelling; our asset base is robust, and we have the technical expertise to advance them in a meaningful and cost-effective way. The challenging market environment has also presented certain external opportunities for growth, which we will look to capitalize on in 2024."

The securities being offered have not, nor will they be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons in the absence of U.S. registration or an applicable exemption from the U.S. registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in the United States or in any other jurisdiction in which such offer, solicitation or sale would be unlawful.

About Westward Gold

Westward Gold is a mineral exploration company focused on developing the Toiyabe, Turquoise Canyon, and East Saddle Projects located in the Cortez Hills area of Lander County, Nevada, and the Coyote and Rossi Projects located along the Carlin Trend in Elko County, Nevada. From time to time, the Company may also evaluate the acquisition of other mineral exploration assets and opportunities.

The Canadian Securities Exchange has neither approved nor disapproved the contents of this news release. The Canadian Securities Exchange does not accept responsibility for the adequacy or accuracy of this news release.

This news release contains or incorporates by reference "forward-looking statements" and "forward-looking information" as defined under applicable Canadian securities legislation. All statements, other than statements of historical fact, which address events, results, outcomes, or developments that the Company expects to occur are, or may be deemed, to be, forward-looking statements. Forward-looking statements are generally, but not always, identified by the use of forward-looking terminology such as "expect", "believe", "anticipate", "intend", "estimate", "potential", "on track", "forecast", "budget", "target", "outlook", "continue", "plan" or variations of such words and phrases and similar expressions or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved or the negative connotation of such terms.

Such statements include, but may not be limited to, information as to strategy, plans or future financial or operating performance, such as the Company's expansion plans, project timelines, expected drilling targets, and other statements that express management's expectations or estimates of future plans and performance.

Forward-looking statements or information are subject to a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to differ from those reflected in the forward-looking statements or information, including, without limitation, the need for additional capital by the Company through financings, and the risk that such funds may not be raised; the speculative nature of exploration and the stages of the Company's properties; the effect of changes in commodity prices; regulatory risks that development of the Company's material properties will not be acceptable for social, environmental or other reasons, availability of equipment (including drills) and personnel to carry out work programs, that each stage of work will be completed within expected time frames, that current geological models and interpretations prove correct, the results of ongoing work programs may lead to a change of exploration priorities, and the efforts and abilities of the senior management team. This list is not exhaustive of the factors that may affect any of the Company's forward-looking statements or information. These and other factors may cause the Company to change its exploration and work programs, not proceed with work programs, or change the timing or order of planned work programs. Additional risk factors and details with respect to risk factors that may affect the Company's ability to achieve the expectations set forth in the forward-looking statements contained in this news release are set out in the Company's latest management discussion and analysis under "Risks and Uncertainties", which is available under the Company's SEDAR+ profile at www.sedarplus.ca. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated, described or intended. Accordingly, readers should not place undue reliance on forward-looking statements or information. The Company's forward-looking statements and information are based on the assumptions, beliefs, expectations, and opinions of management as of the date of this press release, and other than as required by applicable securities laws, the Company does not assume any obligation to update forward-looking statements and information if circumstances or management's assumptions, beliefs, expectations or opinions should change, or changes in any other events affecting such statements or information.
