

Forsys Obtains Renewal of Exclusive Prospecting Licence (EPL-3638) for its Namibplass Uranium Deposit

07.03.2024 | [GlobeNewswire](#)

TORONTO, March 07, 2024 - [Forsys Metals Corp.](#) (TSX: FSY) (FSE: F2T) (NSX: FSY) ("Forsys" or the "Company") is pleased to announce that the Ministry of Mines and Energy of the Republic of Namibia ("Ministry") has renewed the Company's Namibplaas Exclusive Prospecting License ("EPL")- 3638, that forms part of its Norasa Uranium Project ("Norasa¹").

This licence has been renewed for a further two years until February 2026. In September 2022 Forsys has also made an application to the Ministry to convert EPL-3638 to a full 25-year Mining Licence ("ML"), and this submission is pending as ML-251. EPL-3638 remains in good standing while the Ministry processes Forsys' ML-251 submission.

"EPL-3638 covers a strategic land position with significant exploration upside," commented Pine Van Wyk, Forsys' In-Country Director. "We greatly appreciate the Ministry's continued support as we accelerate development of the Norasa project and continue to work closely with the Ministry in obtaining the ML."

Figure 1: Permits obtained

¹ The Norasa Uranium Project ("Norasa") is wholly-owned by the Company's 100% subsidiary Valencia Uranium (Pty) Ltd. ("Valencia Uranium") and comprises the Valencia uranium deposits (held under ML-149) ("Valencia") and the Namibplaas uranium deposit (under EPL-3638, application for ML-251) ("Nambiplaas").

About Forsys Metals Corp.

[Forsys Metals Corp.](#) (TSX: FSY, FSE: F2T, NSX: FSY) is an emerging uranium developer focused on advancing its wholly-owned Norasa Uranium Project, located in the politically friendly jurisdiction of Namibia, Africa. The Norasa Uranium Project is comprised of the Valencia Uranium deposit (ML-149) and the nearby Namibplaas Uranium deposit (EPL-3638).
