18.03.2024 | [ACCESS Newswire](#)

VANCOUVER, March 18, 2024 - [Temas Resources Corp.](#) ("Temas" or the "Company") (CSE:TMAS)(OTCQB:TMASF) is pleased to announce that Temas Resources CEO Tim Fernback is scheduled to present at the 2024 Kinvestor Critical Minerals & Mining Virtual Conference on Tuesday, March 26th at 9:30 am PT (12:30 pm ET). More details below.

Kinvestor Critical Minerals & Mining 2024 (KCOMM24) is a virtual conference featuring a stellar lineup of presenting companies in the critical minerals and mining industries. This event will showcase several junior mining companies exploring for minerals that are critical to the global energy transition including copper, graphite, titanium, and uranium, as well as the precious metals gold and silver. Hosted by Kin Communications president and host of The Kinvestor Report Arlen Hansen, KCOMM24 will also feature a roundtable discussion with industry experts on one of the hottest topics of 2024: Uranium. Presenting companies and industry experts will have the opportunity to share about latest developments and answer thoughtful questions from attendees.

Register for free today and reserve your spot to hear from Tim Fernback and other key executives as they discuss the latest in critical minerals and mining.

Cautionary Statement Regarding Forward-Looking Statements

This news release includes certain "Forward-Looking Statements" within the meaning of applicable securities laws. When used in this news release, the words "anticipate", "believe", "estimate", "expect", "target", "plan", "forecast", "may", "would", "could", "schedule" and similar words or expressions, identify forward-looking statements or information. These forward-looking statements or information relate to, among other things: the exploration, development, and production at the Company's mineral projects.

Forward-looking statements and forward-looking information relating to any future mineral production, liquidity, enhanced value and capital markets profile of the Company, future growth potential for the Company and its business, and future exploration plans are based on management's reasonable assumptions, estimates, expectations, analyses and opinions, which are based on management's experience and perception of trends, current conditions and expected developments, and other factors that management believes are relevant and reasonable in the circumstances, but which may prove to be incorrect. Assumptions have been made regarding, among other things, the price of metals; no escalation in the severity of public health pandemics; costs of exploration and development; the estimated costs of development of exploration projects; the Company's ability to operate in a safe and effective manner.
