After receiving a customer complaint related to swine refusing to eat feed from a single lot of MoorMan's ShowTec Sale Burst w/DF DEN, ADM immediately investigated and discovered that the company's animal feed manufacturing facility in Quincy, Illinois, experienced an equipment failure issue that impacted ingredient distribution in the plant. The company quickly initiated the recall once it was confirmed that these specific lots could contain harmful levels of calcium, phosphorus, magnesium sodium, and/or chloride. ADM has been in direct contact with the customers and distributors involved in this recall, and all product has been removed from retail shelves. One customer reported chicken deaths related to consumption of the Pen Pals Chicken Starter-Grower 25-lb bags.

The lot number can be found at the bottom of the label. Click here to view images of the labels involved. Customers who have purchased the recalled feed should immediately stop using it and return it to their distributor or directly to ADM Animal Nutrition for a full refund. Please direct any customer inquiries to 800-217-2007 between the hours of 8 a.m. and 4 p.m. Central time Monday through Friday.
