

G2 Goldfields Announces Graduation to the TSX

08.04.2024 | [GlobeNewswire](#)

TORONTO, April 08, 2024 - [G2 Goldfields Inc.](#) ("G2" or the "Company") (TSXV:GTWO, OTCQX:GUYGF) is pleased to announce that it has received final approval from the Toronto Stock Exchange ("TSX") for the listing of its common shares (the "Shares"). The Shares will begin trading on the TSX effective market open on April 9, 2024, and will continue to trade under its current stock symbol "GTWO".

As a result of the graduation to the TSX, the Shares will no longer trade on the TSX Venture Exchange ("TSXV") and will be voluntarily delisted from the TSXV, effective as of market close today. Shareholders are not required to exchange their direct registration system advices or their share certificates, or take any other action in connection with the TSX listing.

Patrick Sheridan, Executive Chairman, comments, "The graduation of G2 Goldfields' primary listing to the TSX provides the Company with improved access to institutional investors and international capital markets. We are pleased to have satisfied the rigorous listing requirements of the Exchange and I extend my gratitude to our team, investors, and shareholders. Stemming from this development, we envisage greater long-term stability and liquidity in our common shares as we forge ahead to further develop our high-grade asset."

About G2 Goldfields Inc.

The G2 Goldfields team is comprised of professionals who have been directly responsible for the discovery of millions of ounces of gold in Guyana as well as the financing and development of the Aurora Gold Mine, Guyana's largest gold mine. G2 recently announced an Updated Mineral Resource Estimate ("MRE") for the Oko property in Guyana (see press release dated April 03, 2024). Highlights of the Updated MRE include:

Total combined open pit and underground Resource for the Oko Main Zone (OMZ):

- 495,000 oz. Au - Inferred contained within 2,413,000 tonnes @ 6.38 g/t Au
- 686,000 oz. Au - Indicated contained within 2,368,000 tonnes @ 9.03 g/t Au

Total combined open pit and underground Resource for the Ghanie Zone:

- 604,000 oz. Au - Inferred contained within 12,216,000 tonnes @ 1.54 g/t Au
- 236,000 oz. Au - Indicated contained within 3,344,000 tonnes @ 2.20 g/t Au

The MRE was prepared by Micon International Limited with an effective date of March 27, 2024. Significantly, the updated mineral resources lie within 500 meters of surface. The Oko district has been a prolific alluvial goldfield since its initial discovery in the 1870's, and modern exploration techniques continue to reveal the considerable potential of the district.

Forward-Looking Statements

This news release contains certain forward-looking information within the meaning of Canadian securities legislation, including, but not limited to, statements about the timing of the TSX listing and TSXV delisting. Wherever possible, words such as "may", "will", "should", "could", "expect", "plan", "intend", "anticipate", "believe", "estimate", "predict" or "potential" or the negative or other variations of these words, or similar words or phrases, have been used to identify these forward-looking statements. These statements reflect management's current beliefs and are based on information currently available to management as at the date hereof.

Forward-looking statements involve significant risk, uncertainties and assumptions. Many factors could cause actual results, performance or achievements to differ materially from the results discussed or implied in the forward-looking statements. These factors should be considered carefully and readers should not place undue reliance on the forward-looking statements. Although the forward-looking statements contained in this news release are based upon what management believes to be reasonable assumptions, the Company cannot assure readers that actual results will be consistent with these forward-looking statements. The Company assumes no obligation to update or revise them to reflect new events or circumstances, except as required by law.

Neither the TSXV nor its Regulation Services Provider (as that term is defined in the policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.
