Related Party Transactions

The Lender is a "related party" of the Company, and the Loan, the entering into the Note and matters relating thereto (the "Transactions") are considered to be "related party transactions" within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") requiring the Company, in the absence of exemptions, to obtain a formal valuation and minority shareholder approval, of the related party transactions.

Pursuant to Sections 5.5(b) and 5.7(1)(f) of MI 61-101, the Company relied on exemptions from the formal valuation and minority shareholder requirements, respectively, as, in addition to no securities of the Company being listed or quoted on certain specified exchanges, the Loan is a non-convertible loan obtained on reasonable commercial terms that is not less advantageous to the Company than if the Loan were obtained from a person dealing at arm's length and not repayable, directly or indirectly, in equity or voting securities of the Company or a subsidiary.

The Transactions were approved by the board of directors of the Company (the "Board"), who are independent for the purposes of the Note, being all directors other than Messrs. James, Regino, and Manuel Paolo Villar. Neither the Company nor, to the knowledge of the Company after reasonable inquiry, the Lender, have knowledge of any material information concerning the Company or its securities that has not been generally disclosed. No special committee of the Board was established in connection with the Transactions as the entire Board was engaged in respect thereof, and, other than Messrs. James, Villar and Regino, who abstained from voting on the Transactions, no materially contrary view or abstention was expressed or made by any director of the Company in relation thereto.

Neither the Company nor any director or senior officer of the Company has knowledge, after reasonable inquiry, of any prior valuation in respect of the Company that relates to the subject matter of or is otherwise relevant to the Transactions, which has been made in the 24 months prior to the date of this News Release. The Company did not file a material change report more than 21 days before the expected closing as the details of the Transactions were not finalized until immediately prior to its issuance, and the Company wished to close the Transactions as soon as practicable for sound business reasons.
