Notice under section 708A(S)(e) of the Corporations Act 2001 (Cth)

The Corporations Act 2001 (Cth) (Corporations Act) restricts the offer for sale of securities without a disclosure document unless the relevant sale satisfies an exemption set out in section 708 or section 708A of the Corporations Act. ASIC Class Order [CO 14/827] (Class Order) provides relief so that an offer of CDIs over underlying foreign securities is regulated as an offer of securities under the Corporations Act. The Company seeks to rely on an exemption in section 708A of the Corporations Act (as modified by the Class Order) with respect to any sale of the CDIs.

As required by section 708A(5)(e) of the Corporations Act as modified by the Class Order, the Company gives notice that:

1. The CDIs were issued without disclosure to investors under Part 60.2 of the Corporations Act.

2. The Company, as at the date of this notice, has complied with:

- a) the provisions of section 601CK of the Corporations Act as they apply to the Company; and
- b) sections 674 and 674A of the Corporations Act.

3. As at the date of this notice, there is no information, for the purposes of section 708A(7) and 708A(8):

- a) that has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules;

and

- b) that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:

(i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or

(ii) the rights and liabilities attaching to the CDIs.

Where applicable, references in this notice to sections of the Corporations Act are to those sections as modified by the Class Order.

This announcement was authorised by the Board of Sarama.

Neither the TSXV nor its Regulation Services Provider (as that term is defined in policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.

Such forward-looking information includes, but is not limited to, statements regarding the intended use of proceeds from the Placement and receiving the approval of the TSXV. Actual results, performance or achievements of the Company may vary from the results suggested by such forward-looking statements due to known and unknown risks, uncertainties, and other factors. There can be no assurance that any mineralisation that is discovered will be proven to be economic, or that

future required regulatory licensing or approvals will be obtained. However, the Company believes that the assumptions and expectations reflected in the forward-looking information are reasonable. Assumptions have been made regarding, among other things, the Company's ability to carry on its exploration activities, the sufficiency of funding, the timely receipt of required approvals, the price of gold and other precious metals, that the Company will not be affected by adverse political and security-related events, the ability of the Company to operate in a safe, efficient and effective manner and the ability of the Company to obtain further financing as and when required and on reasonable terms.
