01.10.2024 | [CNW](#)

To Create an Advanced High-Grade Gold and Copper Exploration Company in SK, Canada

[Eros Resources Corp.](#) (TSXV:ERC) (OTCQB:EROSF) ("Eros"), [MAS Gold Corp.](#) (TSXV: MAS) ("MAS Gold") and [Rockridge Resources Ltd.](#) (TSXV: ROCK) ("Rockridge") are pleased to announce that they have entered into a business combination agreement (the "Business Combination Agreement") to combine the companies in a three-way merger transaction (the "Transaction"). Pursuant to the Transaction, Eros will acquire all of the issued and outstanding shares of both Rockridge and MAS Gold that it does not already own by way of two plans of arrangement under the Business Corporations Act (British Columbia).

Pursuant to the Transaction, shareholders of Rockridge will receive 0.375 common shares of Eros (each full share, an "Eros Share") for each Rockridge common share (a "Rockridge Share") held and shareholders of MAS Gold will receive 0.25 Eros Shares for each MAS Gold common share (a "MAS Gold Share") held. Upon closing of the Transaction, existing Eros shareholders will own approximately 42.37% of the combined company, existing MAS Gold shareholders will own approximately 37.33% of the combined company, and existing Rockridge shareholders will own approximately 20.30% (based on the current issued and outstanding shares of each of the companies).

Highlights of the Transaction:

- Proven Leadership Team: The combined company board and management will bring decades of relevant experience, with a track record of significant valuation creation for stakeholders, capital markets expertise, and technical experience.
- Corporate Mandate: The combined company will focus on the exploration and development of high-grade gold deposits in Saskatchewan.
- Mineral Resources with Exploration Potential in Saskatchewan, Canada: The combined company will consist of high-grade gold and copper assets in Saskatchewan and the portfolio of the combined company is expected to provide shareholders with exposure to approximately 77,890 hectares of mineral claims, offering the potential for new discoveries and potentially attracting larger strategic partners.
- Strong Balance Sheet to Execute on Growth Initiatives: The combined company will benefit from Eros' portfolio of equities recently valued at over \$7.5 million.

Jonathan Wiesblatt, Chief Executive Officer of Rockridge, commented: "This is a very compelling story and with the re-branding strategy we all have in place, we are confident that the combined company will create significant value to all stakeholders. We are excited to have such an incredible opportunity to create one of Canada's premier exploration companies with both gold and copper assets that will soon be back in high demand. We are thrilled to be able to leverage the combined company's technical and financial resources to maximize the value of this opportunity by combining highly complimentary exploration assets from across the exploration risk curve in top-tier Canadian mining jurisdictions."

Robert Matthews, Director of MAS Gold, commented: "I am very excited about the assembly of these assets and a management team that can realize the inherent values of those assets. Mr. Ron Netolitzky, founder of MAS Gold assembled the gold properties in Saskatchewan in close proximity to existing infrastructure over 15 years ago. The joining of Eros, MAS Gold and Rockridge with a mentoring opportunity to utilize the knowledge and insights of Mr. Netolitzky and his exploration associates is an opportunity where the combination of the inputs are anticipated to result in a much greater organization. The Transaction represents a truly symbiotic situation for the three companies."

Tom MacNeill, Chief Executive Officer and Director of Eros, commented: "This is a transformative transaction to create an unparalleled exploration company with significant upside on multi-fronts. The

Transaction is expected to bring an immediate increase in value for shareholders of all three companies with ongoing exposure to one of the most robust portfolios of assets in the sector. The combined company will be fully funded and boasts a suite of highly prospective assets and is expected to have increased scale and prospectivity."

Leadership and Governance

Following the closing of the Transaction, the board of directors of the combined company will consist of five (5) directors, comprised of three (3) directors from Rockridge, being Jordan Trimble, Jonathan Wiesblatt and Joseph Gallucci, ICD.D, one (1) director from Eros, being Ross McElroy, and one (1) director from MAS Gold, being Tim Termuende. Pursuant to the Business Combination Agreement, and subject to approval of its shareholders, Eros will amend its articles to create a new class of preferred shares which are redeemable and retractable upon certain conditions and bear a cumulative dividend of 4% per annum (each, an "Eros Preferred Share").
