

Gulfport Energy Publishes 2023 – 2024 Corporate Sustainability Report

05.11.2024 | [Business Wire](#)

[Gulfport Energy Corp.](#) (NYSE: GPOR) ("Gulfport" or the "Company") today published its 2023 - 2024 Corporate Sustainability Report, emphasizing the Company's environmental, social and governance performance and providing an update on its commitment to emission intensity reductions throughout the Company's operations.

John Reinhart, President and CEO, commented, "As a leading natural gas producer, Gulfport remains committed to emissions reductions and delivering clean, safe, affordable and reliable energy. While we are proud of our progress, we recognize the responsibility we have to our stakeholders, our employees, and the local communities where we operate. I am confident that our approach to developing our assets in a safe and environmentally responsible manner, combined with our disciplined execution and charitable partnerships, will enable us to deliver long-term value to our stakeholders while playing a key role in providing the energy our nation and the world requires."

Corporate Sustainability Report Highlights

Environmental Stewardship

- Achieved overall "A" rating for Appalachia assets from MiQ for second consecutive year
- Lowered Scope 1 methane intensity⁽¹⁾ by approximately 36% in 2023 compared to 2021
- Conducted Company's first climate risk assessment and integrated climate-related risk into Enterprise Risk Management program
- Reused or recycled approximately 75% of water generated from production and flowback operations
- Progressed in multi-year program to convert natural gas process controllers with compressed air or other non-gas venting devices across our operations to reduce methane emissions
