

CNOOC Limited Brings On-stream Long Lake NW Project in Canada

06.11.2024 | [PR Newswire](#)

HONG KONG, Nov. 6, 2024 - [CNOOC Ltd.](#) (the "Company", SEHK: 00883 (HKD Counter) and 80883 (RMB Counter), SSE: 600938) announces that Long Lake Northwest Project in Canada has commenced production safely.

The project is located in Alberta, Canada. The main production facilities include a new well pad and 4 pipelines. It will be developed with steam-assisted gravity drainage (SAGD) operation and 8 well pairs are planned to be commissioned. The project is expected to achieve a peak production of approximately 8,200 barrels of crude oil per day in 2025.

CNOOC Petroleum North America ULC, a wholly-owned subsidiary of [CNOOC Limited](#), holds 100% interest in this project and is the operator.

This press release includes forward looking information, including statements regarding the likely future developments in the business of the Company and its subsidiaries, such as expected future events, business prospects or financial results. The words "expect", "anticipate", "continue", "estimate", "objective", "ongoing", "may", "will", "project", "should", "believe", "plans", "intends" and similar expressions are intended to identify such forward-looking statements. These statements are based on assumptions and analyses made by the Company as of this date in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors that the Company currently believes are appropriate under the circumstances. However, whether actual results and developments will meet the current expectations and predictions of the Company is uncertain. Actual results, performance and financial condition may differ materially from the Company's expectations, including but not limited to those associated with fluctuations in crude oil and natural gas prices, macro-political and economic factors, changes in the tax and fiscal regimes of the host countries in which we operate, the highly competitive nature of the oil and natural gas industry, environmental responsibility and compliance requirements, the Company's price forecast, the exploration and development activities, mergers, acquisitions and divestments activities, HSSE and insurance policies and changes in anti-corruption, anti-fraud, anti-money laundering and corporate governance laws.

Consequently, all of the forward-looking statements made in this press release are qualified by these cautionary statements. The Company cannot assure that the results or developments anticipated will be realised or, even if substantially realised, that they will have the expected effect on the Company, its business or operations.
