

Klondike Silver Corp. Appointment of Mine Manager

27.12.2024 | [The Newswire](#)

[Klondike Silver Corp.](#) ("Klondike Silver" or the "Company") (TSX.V: KS) is pleased to announce that, effective December 19, 2024, it has appointed a new mine manager for the Company's Silvana Mine.

Mr. Riley Palmer has been appointed as Mine Manager where he will supervise and implement environmental plans, supervise and assist with underground drilling initiatives, maintain operations, assist with ongoing exploration efforts to step-out mineral showings, and prepare the Company to recommence the exploitation of our mine and its solid infrastructure.

Riley is a long-time resident of the area and knows it well. His father, Mr. Palmer Sr. was the Company's mine manager at an inflexion point. Riley is experienced in local geology, heavy equipment mining and mining operations.

The Company looks forward to 2025.

Happy Holidays!

About Klondike Silver

Klondike's Silvana Mine Silver Zinc Lead project is located in South Eastern B.C., 138km north of the Trail B.C. smelter. The Company is actively exploring from underground, the western extension of the Silvana Mine, along the "Main Lode". The "Main Lode" is a 9 km vein structure which is the most prolific mineralized structure in the Slocan Mining Camp. There are 13 historical mines that are situated along the 9 km vein structure which have produced 886,000 kg of silver, 95 million kg of zinc and 117 million kg lead so far. Including 8 of the 13 above there are 68 historical mines that are situated in the Klondike Silver 116 square kilometer claim block which have produced 1,258,000 kg of silver, 72 million kg of zinc and 158 million kg lead so far. Caution Regarding Forward-Looking Information

This news release includes certain information that may constitute "forward-looking information" under applicable Canadian securities legislation. Forward-looking information includes, but is not limited to,

statements about strategic plans, future work programs and objectives and expected results from such work programs. Forward-looking information necessarily involve known and unknown risks, including, without limitation, risks associated with general economic conditions; inability to access sufficient capital from internal and external sources, and/or inability to access sufficient capital on favorable terms; and other risks.

Forward-looking information is necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking information and the risks identified in the Company's continuous disclosure record. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. All forward-looking information contained in this news release is given as of the date hereof and is based upon the opinions and estimates of management and information available to management as at the date hereof. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by law.
