

# Scandium International Mining Announces TSX-V Listing And Voluntary Delisting From TSX

17.01.2025 | [Globenewswire Europe](#)

RENO, Jan. 17, 2025 - [Scandium International Mining Corp.](#) (TSX:SCY and OTCBB: SCYYF) ("Scandium International" or the "Company"), a company focused on the development of its Nyngan Scandium project in New South Wales, Australia, today announces that it has received conditional approval to list its common shares on the TSX Venture Exchange (the "TSXV"). In connection with the TSXV listing, the Company will voluntarily delist its common shares from the Toronto Stock Exchange (the "TSX").

The Company's management and Board of Directors have determined that this transition is in the best interests of Scandium International. In arriving at this determination, the Company considered, among other things, the costs associated with a TSX listing versus a TSXV listing, its ability to continue to meet the continued listing requirements of the TSX in the future, its current market capitalization, the rules related to private placements and other forms of financing available to TSXV-listed issuers and the general suitability of a TSX listing versus a TSXV listing for an issuer with the Company's current profile and focus on the development of a mineral property.

"This shift to the TSXV allows Scandium International to focus on development of our Nyngan Scandium project and further exploration potential of our Honeybugle license." said CEO Peter Evensen.

The Company expects to delist its common shares from the TSX on or about January 31, 2025, and list its common shares on the TSXV on or about February 4, 2025. The Company will remain a "reporting issuer" under applicable Canadian securities laws through the listing transition process. The Company will retain the trading symbol "SCY" once listed on the TSXV, and its shares will continue to be quoted on the OTCQB under the symbol "SCYYF". Shareholder approval is not required under the policies of the TSX to proceed with the transition as the TSXV is an acceptable alternative market. No action is required by shareholders in connection with the transition of the Company's listing to the TSXV.
