## **Entrée Resources Closes \$5.7 Million Financing**

24.01.2025 | GlobeNewswire

VANCOUVER, Jan. 24, 2025 - <u>Entrée Resources Ltd.</u> (TSX:ETG; OTCQB:ERLFF - the "Company" or "Entrée") is pleased to announce it has closed the non-brokered private placement announced on January 21, 2025 (the "Financing").

The Company has issued 2,577,700 units of the Company (each, a "Unit") at a price of C\$2.21 per unit for gross proceeds of C\$5,696,717.

Each Unit consists of one common share of the Company and one-half of one non-transferable common share purchase warrant of the Company (each whole warrant, a "Warrant"). Each Warrant will entitle the holder to purchase one additional common share of the Company (a "Warrant Share") at a price of C\$3.00 per share for a period of two years. The securities issued in connection with the Financing are subject to a hold period expiring on May 25, 2025. No finder's fees were paid in connection with the Private Placement.

Net proceeds from the Financing are expected to be used for general corporate purposes, including implementation of the partial final award made by the three-member international arbitration Tribunal appointed in connection with the Company's binding arbitration proceedings against its joint venture partner Oyu Tolgoi LLC ("OTLLC") and Turquoise Hill Resources Ltd. (see the Company's News Release dated December 19, 2024 titled "Entrée Resources Wins Arbitration Decision") and to support ongoing commercial discussions with Oyu Tolgoi project stakeholders.

Horizon Copper Corp. ("Horizon"), through its wholly owned subsidiary, 1363013 B.C. Ltd., an insider of the Company, acquired 625,202 Units under the Financing on the same terms and conditions as other subscribers. Following closing, Horizon indirectly holds 50,297,717 common shares of the Company, or 24.25% of the Company's issued and outstanding shares. Participation by Horizon in the Financing is exempt from the formal valuation and shareholder approval requirements provided under Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). The exemption is based on the fact the market value of Horizon's participation or the consideration paid by Horizon does not exceed 25% of the market value of the Company. No other insiders of the Company participated in the Financing.

The Company will be filing a material change report in connection with the transaction less than 21 days before the date of the closing of the transaction, and considers the shorter period to be reasonable given the nature of the transaction and the fact that all necessary approvals have been obtained.

The Units and Warrant Shares have not been, and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or state securities laws and may not be offered or sold within the United States or to, or for the account or benefit, US. Persons absent registration or an applicable exemption from the U.S. registration requirements. This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States or to, or for the account or benefit, US. Persons. "United States" and "U.S. person" are as defined in Regulation S under the U.S. Securities Act.

## ABOUT ENTRÉE RESOURCES LTD.

Entrée Resources Ltd. is a Canadian mining company with a unique carried joint venture interest on a significant portion of one of the world's largest copper-gold projects - the Oyu Tolgoi project in Mongolia. Entrée has a 20% or 30% carried participating interest in the Entrée/Oyu Tolgoi joint venture, depending on the depth of mineralization. Horizon Copper Corp. and Rio Tinto are major shareholders of Entrée, beneficially holding approximately 24% and 16% of the shares of the Company, respectively. More information about Entrée can be found at www.EntreeResourcesLtd.com.

This News Release contains forward-looking information within the meaning of applicable Canadian securities laws with respect to corporate strategies and plans; anticipated use of proceeds; and implementation of the partial final arbitration award, commercial discussions, and the ability of the Company to meet its business objectives.

In certain cases, forward-looking information can be identified by words such as "plans", "expects" or "does not expect", "is expected", "budgeted", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "does not anticipate" or "believes" or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might", "will be taken", "occur" or "be achieved". While the Company has based this forward-looking information on its expectations about future events as at the date that such information was prepared, the information is not a guarantee of Entrée's future performance and is based on numerous assumptions regarding present and future business strategies; the correct interpretation of agreements, laws and regulations; the commencement and conclusion of arbitration proceedings, including the potential benefits, timing and outcome of arbitration proceedings; the potential benefits, timing and outcome of discussions with the Government of Mongolia, Erdenes Oyu Tolgoi LLC, OTLLC, and Rio Tinto; the future ownership of the Shivee Tolgoi and Javhlant mining licenses; that the Company will continue to have timely access to detailed technical, financial, and operational information about the Entrée/Oyu Tolgoi joint venture property, the Oyu Tolgoi project, and government relations to enable the Company to properly assess, act on, and disclose material risks and opportunities as they arise; local and global economic conditions and the environment in which Entrée will operate in the future, including commodity prices, projected grades, projected dilution, anticipated capital and operating costs, including inflationary pressures thereon resulting in cost escalation, and anticipated future production and cash flows; the anticipated location of certain infrastructure and sequence of mining within and across panel boundaries; the construction and continued development of the Oyu Tolgoi underground mine; the status of Entrée's relationship and interaction with the Government of Mongolia, Erdenes Oyu Tolgoi LLC, OTLLC, and Rio Tinto; and the Company's ability to operate sustainably, its community relations, and its social license to operate.

With respect to the construction and continued development of the Oyu Tolgoi underground mine, important risks, uncertainties and factors which could cause actual results to differ materially from future results expressed or implied by such forward-looking information include, amongst others, the current economic climate and the significant volatility, uncertainty and disruption arising in connection with the Ukraine conflict; the nature of the ongoing relationship and interaction between OTLLC, Rio Tinto, Erdenes Oyu Tolgoi LLC and the Government of Mongolia with respect to the continued operation and development of Oyu Tolgoi; the continuation of undercutting in accordance with the mine plans and designs in the 2023 Oyu Tolgoi Feasibility Study; applicable taxes and royalty rates; the future ownership of the Shivee Tolgoi and Javhlant mining licenses; the amount of any future funding gap to complete the Oyu Tolgoi project and the availability and amount of potential sources of additional funding; the timing and cost of the construction and expansion of mining and processing facilities; inflationary pressures on prices for critical supplies for Oyu Tolgoi resulting in cost escalation; the ability of OTLLC or the Government of Mongolia to deliver a domestic power source for Oyu Tolgoi (or the availability of financing for OTLLC or the Government of Mongolia to construct such a source) within the required contractual timeframe; sources of interim power; OTLLC's ability to operate sustainably, its community relations, and its social license to operate in Mongolia; the impact of changes in, changes in interpretation to or changes in enforcement of, laws, regulations and government practises in Mongolia; delays, and the costs which would result from delays, in the development of the underground mine; the anticipated location of certain infrastructure and sequence of mining within and across panel boundaries; projected commodity prices and their market demand; and production estimates and the anticipated yearly production of copper, gold and silver at the Oyu Tolgoi underground mine.

Other risks, uncertainties and factors which could cause actual results, performance or achievements of Entrée to differ materially from future results, performance or achievements expressed or implied by forward-looking information include, amongst others, unanticipated costs, expenses or liabilities; discrepancies between actual and estimated production, mineral reserves and resources and metallurgical recoveries; development plans for processing resources; matters relating to proposed exploration or expansion; mining operational and development risks, including geotechnical risks and ground conditions; regulatory restrictions (including environmental regulatory restrictions and liability); risks related to international operations, including legal and political risk in Mongolia; risks related to the potential impact of global or national health concerns; risks associated with changes in the attitudes of governments to foreign

investment; risks associated with the conduct of joint ventures, including the ability to access detailed technical, financial and operational information; risks related to the Company's significant shareholders, and whether they will exercise their rights or act in a manner that is consistent with the best interests of the Company and its other shareholders; inability to upgrade Inferred mineral resources to Indicated or Measured mineral resources; inability to convert mineral resources to mineral reserves; conclusions of economic evaluations; fluctuations in commodity prices and demand; changing foreign exchange rates; the speculative nature of mineral exploration; the global economic climate; dilution; share price volatility; activities, actions or assessments by Rio Tinto or OTLLC and by government stakeholders or authorities including Erdenes Oyu Tolgoi LLC and the Government of Mongolia; the availability of funding on reasonable terms; the impact of changes in interpretation to or changes in enforcement of laws, regulations and government practices, including laws, regulations and government practices with respect to mining, foreign investment, strategic deposits, royalties and taxation; the terms and timing of obtaining necessary environmental and other government approvals, consents and permits; the availability and cost of necessary items such as water, skilled labour, transportation and appropriate smelting and refining arrangements; unanticipated reclamation expenses; changes to assumptions as to the availability of electrical power, and the power rates used in operating cost estimates and financial analyses; changes to assumptions as to salvage values; ability to maintain the social license to operate; accidents, labour disputes and other risks of the mining industry; global climate change; global conflicts; natural disasters; the impacts of civil unrest; the impacts of the Ukraine conflict; breaches of the Company's policies, standards and procedures, laws or regulations; trade tensions between the world's major economies; increasing societal and investor expectations, in particular with regard to environmental, social and governance considerations; the impacts of technological advancements; title disputes; limitations on insurance coverage; competition; loss of key employees; cyber security incidents; misjudgements in the course of preparing forward-looking information; and those factors discussed in the Company's most recently filed MD&A and in the Company's Annual Information Form for the financial year ended December 31, 2023, dated March 8, 2024 filed with the Canadian Securities Administrators and available at www.sedarplus.ca. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. The Company is under no obligation to update or alter any forward-looking information except as required under applicable securities laws.
