

Camber Energy, Inc. Announces Approval of 1for25 Reverse Stock Split

27.01.2025 | [ACCESS Newswire](#)

HOUSTON, TX / ACCESSWIRE / July 2,2019 / [Camber Energy Inc.](#) (NYSE American: CEI) ("Camber" or the "Company") based in Houston, Texas, announced today that the Board of Directors has approved a 1for25 reverse split of the Company's issued and outstanding shares of common stock. The 1for25 reverse stock split will be effective pre-market open on Monday, July 8, 2019, in connection with the filing of a Certificate of Amendment to Camber's Certificate of Incorporation and Camber's common stock will begin trading on a splitadjusted basis when the market opens on Monday, July 8, 2019.

At Camber's 2019 Annual Meeting of Stockholders held on February 19, 2019, Camber's stockholders granted authority to the Board of Directors, in its sole discretion, to determine whether to proceed with a reverse stock split and, if the Board of Directors so determined, to select the reverse stock ratio, in a ratio of between 1-for-5 and 1-for-25, and to file a Certificate of Amendment to Camber's Certificate of Incorporation to effect the reverse stock split at the ratio determined by the Board of Directors. The reverse stock split was approved by the Board of Directors pursuant to the authority granted to the Board of Directors by the stockholders at the February 19, 2019 annual meeting.

When the reverse stock split becomes effective, every 25 shares of Camber's issued and outstanding common stock (and such shares held in treasury) will automatically be converted into one share of common stock. No fractional shares will be issued if, as a result of the reverse stock split, a stockholder would otherwise become entitled to a fractional share. Instead, each stockholder will have such aggregate fractional holdings rounded up to the next whole share. The reverse stock split will not impact any stockholder's percentage ownership of Camber or voting power, except for minimal effects resulting from the treatment of fractional shares. Following the reverse stock split, the number of outstanding shares of Camber's common stock will be reduced by a factor of twenty-five. The Certificate of Amendment to Camber's Certificate of Incorporation will not decrease the number of authorized shares of common stock.

All options, warrants and convertible securities of the Company outstanding immediately prior to the reverse stock split (to the extent they don't provide otherwise) will be appropriately adjusted by dividing the number of shares of common stock into which the options, warrants and convertible securities are exercisable or convertible by 25 and multiplying the exercise or conversion price thereof by 25, as a result of the reverse stock split.

Camber's shares of common stock will continue to trade on the NYSE American ("NYSE") under the symbol "CEI" but will trade under a new CUSIP. The reverse stock split is intended to increase the market price per share of Camber's common stock in order to ensure the continued compliance of the Company's common stock with the NYSE continued listing standards relating to minimum prices per share and to position the Company's capitalization for the planned closing of the acquisition of Lineal Star Holdings ("Lineal"), www.LinealStar.com, pursuant to the Company's previously disclosed non-binding letter of intent.

ClearTrust, LLC, Camber's transfer agent, will act as the exchange agent for the reverse stock split. Please contact ClearTrust, LLC for further information at (813) 235-4490.

More information regarding the 1-for-25 reverse stock split will be included in a Current Report on Form 8-K which the Company will file with the Securities and Exchange Commission on July 8, 2019.
