The issuance of the shares to the insiders is exempt from the valuation requirement of MI 61-101 by virtue of the exemption contained in Section 5.5(b) as the company's shares are not listed on a specified market and from the minority shareholder approval requirements of MI 61-101 by virtue of the exemption contained in Section 5.7(1)(a) as the value of the shares being issued under the debt settlement does not exceed 25 per cent of the company's market capitalization.

All securities issued in connection with the debt settlement will be subject to a statutory hold period expiring four months and one day after the date of issuance, as set out in National Instrument 45-102 (Resale of Securities).
