About Maritime Resources Corp.

Maritime (TSXV: MAE) (OTC Pink: MRTMF) is a gold exploration and development company focused on advancing the Hammerdown Gold Project in the Baie Verte District of Newfoundland and Labrador, a top tier global mining jurisdiction. Maritime holds a 100% interest directly and subject to option agreements entitling it to earn 100% ownership in the Green Bay Property which includes the former Hammerdown gold mine and the Orion gold project. Maritime controls over 439 km² of exploration land including the Green Bay, Whisker Valley, Gull Ridge and Point Rousse projects. Mineral processing assets owned by Maritime in the Baie Verte mining district include the Pine Cove mill and the Nugget Pond gold circuit. The Company also owns the Lac Pelletier gold project in Rouyn Noranda, Québec.

On Behalf of the Board,
MARITIME RESOURCES CORP.

Caution Regarding Forward-Looking Statements:

Certain of the statements made and information contained herein is "forward-looking information" within the meaning of National Instrument 51-102 Continuous Disclosure Obligations of the Canadian Securities Administrators. These statements and information are based on facts currently available to the Company and there is no assurance that actual results will meet management's expectations. Forward-looking statements and information may be identified by such terms as "anticipates", "believes", "targets", "estimates", "plans", "expects", "may", "will", "could" or "would". While the Company considers its assumptions to be reasonable as of the date hereof, forward-looking statements and information are not guarantees of future performance and readers should not place undue importance on such statements as actual events and results may differ materially from those described herein. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. The forward-looking statements in this news release include without limitation, the completion of an updated feasibility study for the Hammerdown Gold Project, with Pine Cove as the primary processing facility and incorporating Hammerdown, Orion and Stoger Tight into the production plan to create a longer life project, among others. All forward-looking information contained in this press release is given as of the date hereof, and is based on the opinions and estimates of management and information available to management as of the date hereof. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events, or otherwise, except as may be required by applicable securities laws.

Neither Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Exchange) accepts responsibility for the adequacy or accuracy of this release.
