

Valleyview Resources Inc. Releases New Website and Will Attend the PDAC

02.03.2025 | [Newsfile](#)

[Valleyview Resources Inc.](#), (TSXV: VVR) (soon to be renamed Homeland Uranium Corporation with the ticker symbol TSXV: HLU) ("Homeland" or the "Company") is pleased to announce it has released its new website which can be found at www.homeland-uranium.com. The website will also have links to Homeland's social media pages including Facebook, LinkedIn, and X.

Homeland is also pleased to announce that the Company will be attending its first ever PDAC Conference from March 2nd through March 5th. Shareholders and potential investors are encouraged to meet the Company's management team all four days of the conference at our booth #2623 located in the Investors Exchange Pavilion.

About Valleyview Resources Inc. / Homeland Uranium Corp.

Valleyview Resources Inc. (soon to be Homeland Uranium Corp.) is a mineral exploration company focused on becoming a premier US-focused and resource-bearing uranium explorer and developer. The Company is in the process of acquiring the Coyote Basin and Red Wash uranium projects in northwestern Colorado. Homeland also has an ownership stake in the Fraser Lake Au-Ag-Cu project in British Columbia.

This press release contains "forward-looking information" and "forward-looking statements" within the meaning of applicable securities legislation. The forward-looking statements herein are made as of the date of this press release only, and the Company does not assume any obligation to update or revise them to reflect new information, estimates or opinions, future events or results or otherwise, except as required by applicable law. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budgets", "scheduled", "estimates", "forecasts", "predicts", "projects", "intends", "targets", "aims", "anticipates" or "believes" or variations (including negative variations) of such words and phrases or may be identified by statements to the effect that certain actions "may", "could", "should", "would", "might" or "will" be taken, occur or be achieved. Forward-looking information in this press release includes, but is not limited to, statements with respect to a proposed updated mineral estimate for the Coyote Basin Project.

In making the forward-looking statements included in this news release, the Company has applied several material assumptions, including that the Company's financial condition and development plans do not change as a result of unforeseen events and that future metal prices and the demand and market outlook for metals will remain stable or improve. Forward-looking statements and information are subject to various known and unknown risks and uncertainties, many of which are beyond the ability of the Company to control or predict, that may cause the Company's actual results, performance or achievements to be materially different from those expressed or implied thereby, and are developed based on assumptions about such risks, uncertainties and other factors set out herein, including, but not limited to, the general risk factors related to exploration and development as are set out under the heading "Risk Factors" in the Company's most recently filed management's discussion & analysis.

There can be no assurance that such statements will prove to be accurate, as actual results and future

events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements and forward-looking information. Readers are cautioned that reliance on such information may not be appropriate for other purposes. The Company does not undertake to update any forward-looking statement, forward-looking information or financial outlook that are incorporated by reference herein, except in accordance with applicable securities laws.
