

# Focus Graphite Inc. Closes First Tranche of Non-Brokered Private Placement

03.03.2025 | [ACCESS Newswire](#)

[Focus Graphite Inc.](#) (TSX.V:FMS) (OTCQB:FCSMF) (FSE:FKC) ("Focus" or the "Company"), announced today the closing of the first tranche of the previously announced non-brokered private placement (the "Offering") on February 5, 2025, for gross proceeds of up to \$500,000. The Company issued 4,650,000 units (the "Units") at a price of \$0.10 per Unit. Each Unit consists of one common share (a "Common Share") in the capital of the Company and one non-transferable common share purchase warrant (a "Warrant") of the Company. Each whole Warrant will entitle the holder thereof to acquire one Common Share (a "Warrant Share") at an exercise price per Warrant Share of \$0.20 for a period of 36 months from the date of issue.

The Common Shares, Warrants, Finders Warrants and Warrant Shares will have a hold period of four months and one day until June 29, 2025.

The net proceeds of this financing will be used to maintain the Company's existing operations and general working capital requirements that includes funding the new strategic direction to advance the battery technology and the development and application of advanced materials.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

In addition, Focus Graphite announced that, effective February 24, 2025, it cancelled options to purchase 2,950,000 Common Shares (Shares) of the Company at an exercise price of \$1.20 per Share. The options were granted to directors, officers, and consultants on 26 February 2021 and originally expected to expire 26 February 2026.

## About Focus Graphite Inc.

Focus Graphite Inc. is an advanced materials company developing sustainable mining and technology innovations. At the heart of our operations is the Lac Knife flake graphite deposit, known for its high purity and grade-ideal for applications in the military, defense, and green energy revolutions. Currently advancing through Canada's mine permitting process, Focus Graphite is on the verge of transforming this resource into a viable supplier of critical mineral.

Our proprietary, environmentally sustainable processing technologies ensure a green, chemical-free pathway in the market. The Company's proprietary silicon-enhanced spheroidized graphite patent technology is aimed at improving battery performance. We specialize in producing advanced, high-purity graphite materials tailored for diverse industries, including EV batteries, military applications, and high-tech manufacturing.

Focus Graphite's commitment extends beyond resource extraction—we are actively seeking partnerships with industry leaders, academic institutions, and government bodies to try and accelerate the commercialization of advanced materials and technologies derived from our flagship project. Located in North America we are proud to contribute and help secure sustainable critical minerals supply chain that reduces dependency on foreign controlled supply.
