About Avino

Avino is a silver producer from its wholly owned Avino Mine near Durango, Mexico. The Company's silver, gold and copper production remains unhedged. The Company intends to maintain long-term sustainable and profitable mining operations to reward shareholders and the community alike through our growth at the historic Avino Property and the strategic acquisition of the adjacent La Preciosa which was finalized in Q1 2022. Avino currently controls mineral resources, as per NI 43-101, with a total mineral content of 371 million silver equivalent ounces, within our district-scale land package. Early in 2024, the pre-feasibility Study on the Oxide Tailings Project was completed. This study is a key milestone in our growth trajectory. As part of Avino's commitment to adopting sustainable practices, we have been operating a dry-stack tailings facility for more than one year now with excellent results. We are committed to managing all business activities in a safe, environmentally responsible, and cost-effective manner, while contributing to the well-being of the communities in which we operate.
