

Palisades Announces Name Change Of Its 100%-owned Nevada Portfolio To Made In America Gold Corp.

24.03.2025 | [CNW](#)

VANCOUVER, March 24, 2025 - [Palisades Goldcorp Ltd.](#) (TSXV: PALI) ("Palisades" or the "Company") announces that it has changed the name of its 100%-owned Nevada subsidiary from NV King Goldlands Inc. to Made in America Gold Corp ("Made in America Gold"). Made in America Gold is focused on its foothold as the third largest mineral claim holder in the State of Nevada with an advanced exploration project portfolio that includes Iron Point, Buffalo Valley, Lewis, Horse Mountain, Mill Creek, Hilltop South, Crescent Valley, Carico Lake, Kobeh Valley, and Pancake South. Made in America Gold Corp. ranks behind only Nevada Gold Mines LLC (Barrick/Newmont JV) and Kinross Gold Corp. in mineral tenure in Nevada.

Highlights:

- Made in America Gold is the third largest landholder in Nevada with more than 10,000 mineral claim holdings along the Battle Mountain Trend, all in close proximity to operating and past-producing gold mines (Figures 1 & 2).
- The mineral claim portfolio was established in 2015 at the bottom of the mining exploration cycle, allowing Made in America Gold to acquire significant and strategic land packages in one of Nevada's most prolific gold mining trends, primarily via staking. As a result, the Company avoids costly option payments, work commitments, and NSRs.
- Made in America Gold was established based on a prospect generator model, which multiplies its chances of success and offers several strategies to unlock the potential of each project area.
- In addition to the land holdings, Made in America Gold retains a 3.0% NSR royalty on the Atlanta Gold Mine Project¹, which is held by [Nevada King Gold Corp.](#) (TSX-V:NKG), and is focused on advancing a high-grade oxide discovery in Lincoln County, Nevada.
- Made in America Gold is in the process of launching a new website and corporate presentation that are expected to be released shortly.

¹ 3.0% NSR royalty is net of existing royalties on the Atlanta Gold Mine Project.
