TORONTO, April 10, 2025 - [Highlander Silver Corp.](#) (CSE:HSLV) ("Highlander Silver" or the "Company") is pleased to announce that it has received conditional approval to list its common shares on the Toronto Stock Exchange (the "TSX"), filed its base shelf prospectus and established an at-the-market program ("ATM") to provide longer term financial alternatives. The Company has no near-term intention of offering shares under the ATM.

As part of the Company's private placement that closed on March 11, 2025 (the "Private Placement"), the Company remains subject to a customary lock-up pursuant to which it has agreed not to issue common shares under an ATM or other standard financing transactions for 120 days from closing of the Private Placement.

Final approval of the TSX listing is subject to the Company meeting certain customary conditions required by the TSX. The Company will issue a press release once the TSX confirms the date when trading of Highlander Silver common shares is expected to commence on the TSX. Upon completion of the final listing requirements, the Company's common shares will be delisted from the Canadian Securities Exchange (the "CSE").

Shareholders are not required to exchange their share certificates or take any other action in connection with the TSX listing, as there will be no change in the trading symbol or CUSIP for the common shares.

Highlander Silver has filed a short form base shelf prospectus (the "Base Shelf Prospectus") with the securities commissions in each of the provinces and territories of Canada.

The Company entered into an equity distribution agreement dated April 10, 2025 (the "Equity Distribution Agreement") providing for the ATM with a syndicate of agents comprised of BMO Capital Markets, Canaccord Genuity Corp., Haywood Securities Inc., National Bank Financial Inc., RBC Dominion Securities Inc., Stifel Nicolaus Canada Inc., TD Securities Inc., and Ventum Financial Corp. (collectively, the "Agents"). The ATM is established pursuant to a prospectus supplement to the Base Shelf Prospectus (the "Prospectus Supplement").

The ATM will allow Highlander Silver, through the Agents, to offer and sell from time to time in Canada through the facilities of the CSE or the TSX such number of common shares as would have an aggregate offering price of up to C\$25million. Sales of the common shares, if any, will be made in transactions that are deemed to be "at-the-market distributions" as defined in National Instrument 44-102 - Shelf Distributions, including sales made by the Agents directly on the CSE or the TSX, or any other trading market for common shares in Canada or as otherwise agreed between the Agents and the Company. The Company will seek TSX conditional approval to list the common shares that may be issued by the Company under the ATM simultaneously with or shortly after listing on the TSX.

The ATM will be effective until May 10, 2027, unless terminated before such date by Highlander Silver or

otherwise in accordance with the Equity Distribution Agreement. The timing and extent of the use of the ATM will be at the discretion of the Company. Accordingly, total gross proceeds from equity offerings under the ATM, if any, could be significantly less than C\$25million.

The Company currently expects to use the net proceeds from the ATM, if any, for exploration of the San Luis Project, working capital and general corporate purposes. Actual allocation of the proceeds may vary depending on the amount raised, the time periods during which the proceeds are raised and future developments in relation to the Company's projects and unforeseen events.

Potential investors should read the Base Shelf Prospectus, the Prospectus Supplement, and other documents the Company has filed for more complete information about Highlander Silver and the ATM.
