About [Berry Corporation \(BRY\)](#)

Berry is a publicly traded (NASDAQ: BRY) western United States independent upstream energy company with a focus on onshore, low geologic risk, long-lived oil and gas reserves. We operate in two business segments: (i) exploration and production ("E&P") and (ii) well servicing and abandonment services. Our E&P assets are located in California and Utah, are characterized by high oil content and are predominantly located in rural areas with low population. Our California assets are in the San Joaquin Basin (100% oil), and our Utah assets are in the Uinta Basin (65% oil). We provide our well servicing and abandonment services to third party operators in California and our California E&P operations through C&J Well Services (CJWS). More information can be found at the Company's website at www.bry.com.

Forward Looking Statements

This news release contains forward-looking statements. Berry's management believes that its expectations

are based on reasonable assumptions. No assurance, however, can be given that such expectations will prove correct. A number of factors could cause actual results to differ materially from the projections, anticipated results, or other expectations expressed in this news release. These factors include our ability to meet financial guidance or distribution expectations; our ability to safely and efficiently operate Berry's assets; the supply of, demand for, and price of oil, natural gas, NGLs, and related products or services; our capital program and development and production plans; potential acquisitions and other strategic opportunities; reserves; hedging activities; and the other factors described in the "Risk Factors" section of Berry's most-recent Form 10-K filed with the Securities and Exchange Commission and other public filings and press releases. Berry undertakes no obligation to publicly update or revise any forward-looking statements.
