[Hi-View Resources Inc.](#) ('HI-VIEW' OR THE 'COMPANY') (CSE: HVW; OTCQB: HVWRF; FSE: B63) announces that it has entered into an agreement with three arms-length vendors to acquire a 100% interest 613.24 hectares of contiguous claim in close proximity to Amarc Resources Ltd.'s ("Amarc") and [Freeport-McMoRan Inc.](#)'s ("Freeport") recently announced drilling discovery at the AuRORA porphyry target. See project page for more information: Toodoggone Mining District - Hi-View Resources

Hi-View Resources CEO Robert Nick Horsley states, *"In 2025, the Toodoggone Region has solidified its status as one of Canada's premier mining districts. Amarc Resources' AuRORA discovery is potentially British Columbia's highest-grade porphyry find to date. Thesis Gold secured a \$24.5 million investment from Centerra Gold-the operator of Kemess South, the region's last active mine-which will fund a robust drill program at the Lawyers-Ranch complex. A Q4 resource update is anticipated, potentially positioning Thesis as an attractive takeover target. Skeena Resources added further momentum to the region by selling its Sophia project to TDG Gold and committing a strategic \$11.5 million investment. Meanwhile, Hi-View's land package-highlighted by historic drilling at the Golden Stranger and the underexplored Southeast Block-offers exciting untapped potential, setting the stage for the upcoming exploration season."*

Planning has commenced for a follow up exploration program on the Company's 9,787 Hectare ("Ha") Golden Stranger Project and Lawyers South, East and West claims located in British Columbia's Toodoggone region of north-central British Columbia ("Toodoggone").
