

Stallion Uranium Announces Failure to File Cease Trade Order

14.05.2025 | [GlobeNewswire](#)

VANCOUVER, May 14, 2025 - [Stallion Uranium Corp.](#) (the "Company" or "Stallion") (TSX-V: STUD; OTCQB: STLNF; FSE: FE0) announces that the British Columbia Securities Commission (the "BCSC"), as the principal regulator of the Company, issued a cease trade order ("CTO") against the Company on May 7th, 2025 for the Company's failure to file its audited annual financial statements, accompanying management discussion and analysis and certifications for the financial year ended December 31st, 2024 (the "Annual Filings"). As a result of the CTO, the TSX Venture Exchange (the "Exchange") has suspended trading of the Company's common shares.

The Company continues to work diligently with its auditors to facilitate the completion of the Annual Filings and expects to file the Annual Filings on or before May 20th, 2025.

The CTO was issued under Multilateral Instrument 11-103 - *Failure-To-File Cease Trade Orders In Multiple Jurisdictions* and prohibits the trading or purchase by any person or company of any securities of the Company in each jurisdiction in Canada in which the Company is a reporting issuer for as long as the CTO remains in effect; however, the CTO provides an exception for beneficial securityholders of the Company who are not currently (and who were not as of May 7th, 2025) insiders or control persons of the Company who may sell securities of the Company if both of the following criteria are met: (a) the sale is made through a foreign organized regulated market, as defined in Section 1.1 of the universal market integrity rules of the Investment Industry Regulatory Organization of Canada; and (b) the sale is made through an investment dealer registered in a jurisdiction of Canada in accordance with applicable securities legislation.

About Stallion Uranium Corp.

Stallion Uranium is working to 'Fuel the Future with Uranium' through the exploration of roughly 2,700 sq/km in the Athabasca Basin, home to the largest high-grade uranium deposits in the world. The company, with JV partner Atha Energy holds the largest contiguous project in the Western Athabasca Basin adjacent to multiple high-grade discovery zones and deposits.

This news release contains forward-looking statements and forward-looking information within the meaning of Canadian securities legislation (collectively, "forward-looking statements") that relate to the Company's current expectations and views of future events. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, through the use of words or phrases such as "will likely result", "are expected to", "expects", "will continue", "is anticipated", "anticipates", "believes", "estimated", "intends", "plans", "forecast", "projection", "strategy", "objective" and "outlook") are not historical facts and may be forward-looking statements and may involve estimates, assumptions and uncertainties which could cause actual results or outcomes to differ materially from those expressed in such forward-looking statements. No assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this material change report should not be unduly relied upon. These statements speak only as of the date they are made.

Forward-looking statements are based on a number of assumptions and are subject to a number of risks and uncertainties, many of which are beyond the Company's control, which could cause actual results and events to differ materially from those that are disclosed in or implied by such forward-looking statements. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law. New factors emerge from time to time, and it is not possible for the Company to predict all of them or assess the impact of each such factor or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. Any forward-looking statements contained in this presentation are expressly qualified in their entirety by this cautionary statement.
